Flag: Follow up

Thanks, Brittany. Waiting to hear back from one of our subject matter experts and should have a good idea of a time that week. Appreciate your willingness to meet with us.

Hi Mike –

Seeing your other email reminded me of this one, which I had flagged for a response. I am happy to coordinate with the appropriate staff to meet with you on this issue. Please work with Will Lovell (cc'd) to schedule a meeting for early January.

Thanks,
Brittany

Subject: RMP

Good morning Mandy and Brittany,

I hope you both are doing well and had a nice Thanksgiving. I know neither of you are covering the RMP issue, but wanted to see if you all could help me track something down in regards to that issue.

Craig Haas, at EPA, has stated that the RMP reconsideration rule is being drafted, as we saw this blurb this morning from a lawfirm's daily email:

“Haas stated that EPA is currently drafting a Reconsideration Rule, which will rescind some RMP provisions promulgated under the original amendments and modify others. EPA anticipates providing a draft of the proposed Reconsideration Rule to the Office of Management and Budget (“OMB”) in early 2018, and the agency will accept public comments once it is published in the Federal Register.”

We were not getting the impression from your other colleagues that drafting had begun. Is there any way you can help me determine if that is true? If you do not know, could you please point me in the right direction of who to ask at the Agency?

Thank you in advanced for any help you can provide!

Mike
