MEMO RE: Vaporization of Aroclors 1248 and 1250

FROM Thomas S. Foley

Mr. A. B. Gerber

We have received from Mr. Carothers figures on the determination of vaporization loss of Aroclors 1248 and 1250, which Mr. Ballard determined on the 17th.

He describes the procedure used as ASTM-D-6-30.

Will you kindly write Mr. F. P. Cummings, at our New York office, with copy to me, giving the specifications as outlined by the A.S.T.M. test.
