nothing shared with Kerry that wasn't shared with you that I'm aware of, are you thinking something might have come in from a program person? let me know and I'll check, thanks!

I got some input from Dave for the USGS section of the slides for this meeting. I don't know if something else was shared with Kerry or not, so I've gone ahead and produced the attached outline based on Kerry's original draft and Dave's feedback. I will share this with Kerry this morning along with the two write ups that Judy shared. Also attached.

Thanks.
