Garlock Teflon-Impregnated LATTICE BRAID† Packing is a natural choice for leakproof operation of centrifugal and rotary shafts, valve stems, expansion joints, reciprocating rods, rams, plungers.

An exclusive Garlock manufacturing technique now offers Teflon-Impregnated LATTICE BRAID Packing** for approximately 40% less than ordinary Teflon packing... yet this superior new packing contains more than 30% Teflon by actual weight. Teflon powder is thoroughly sintered prior to treatment by a unique Garlock process, giving greater stability under temperature changes (-90° to +500°F). Outstanding resistance to glazing. Minimum swell, because Teflon is non-absorbent. Reduced friction and wear, because Teflon is virtually "frictionless." Excellent resistance to chemicals and corrosives.

And LATTICE BRAID construction affords greater strength, longer life, lower maintenance cost. Each strand of treated yarn is interwoven at a 45° angle through the packing body. Completely integrated structure for maximum strength. No single outer braid to wear through. Holds together much longer. Once properly installed, further gland adjustment is usually unnecessary.

Available in two types for efficient, low-cost sealing under all conditions:

GARLOCK 5875 Packing of Teflon-Impregnated WHITE Asbestos for corrosive and strong chemical service (except strong mineral acids and caustics). Withstands neutral and alkaline water, weak acid and caustic solutions. Edible liquids, paper pulp and other products where non-contamination is required. Gasoline, oils—cold and hot (including tar, asphalt, creosote).

GARLOCK 5881 Packing of Teflon-Impregnated BLUE Asbestos specifically designed for strong acids and caustics. Also resists alcohol, lime solutions, acid sludge, waxes, chlorine, dry solvents. Withstands high pressure steam cleaning. Proved non-nitratable in laboratory test.

Enjoy fast delivery from warehouse stock. Both styles immediately available in sizes from 1/4" to 5/8" in 1/16" increments and 3/4" to 1" in 1/8" increments in spool or reel form. For more information, contact nearest of 26 Garlock sales offices and warehouses throughout the U.S. and Canada. Or, write for Catalog AD-185, Garlock Inc., Palmyra, N.Y.
