Hi Kerry,

Thank you for the note and the kind words. Your meeting was an extremely helpful and productive. I think this is an instance where a reporter is trying to create animosity where there simply isn't any.

I've enjoyed getting to know you and I look forward to continuing to work with you and rest of the group.

Best,
Mandy

Dear Samantha, thank you again for calling me this evening. I spoke with Anne Germain, and while I can't be sure what she said, I do think that David Schultz of Bloomberg BNA may have run a bit astray. I have a call into him and will do my utmost to correct the record.

I cannot be more complimentary of Mandy and Brittany. They were consummate professionals, had clearly read the materials we provided, asked very cogent questions, and really impressed all of us. They of course were very circumspect about what the Agency might do after reviewing the matter, but we would have not expected anything else. I will let you know the results of my conversation with David Schultz.

I can only close by saying that all of you have been a pleasure to meet and work with, and I hope to continue working with you and building a relationship of trust and respect.

All the best,
Kerry

Subject: Enjoyed Meeting You

Dear Samantha,

It was such a pleasure meeting you today with Administrator Pruitt. Sue and I so appreciate the time you spent with us and your kind attention to our issues. I look forward to our meeting on April 13, when the landfill sector can brief you more fully on the Clean Air Act rules for MSW landfills. In the meantime, if you have any questions, please do not hesitate to call or email me. You are likely inundated with materials, but I am reattaching a brief background on the landfill rules, which provides the substance of what we would like to discuss with you.

We are all looking forward to meeting with you and Brittany.

Warm regards,

Kerry
