ALFOL® 10 ALCOHOL

Active ingredient**n-decanol****99.3%****Inert ingredient****0.7%**

DANGER! Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. May be fatal if absorbed through the skin.

Keep out of reach of children. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

FIRST AID: In case of contact, flush skin or eyes with plenty of water. For eye contact, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink large quantity of water, milk, egg whites, or gelatin if available.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency, or the hazardous waste representative at the nearest EPA regional office for guidance.

Tank car's drain valves should be closed securely before returning to the manufacturer. Triple rinse drums (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of at a sanitary landfill, or by other procedures approved by state and local authorities.
