Lockland, Cincinnati, Ohio 45215

Dear Lou:

You will be interested in the further information that Dr. Mancuso has sent us in regard to exposure to asbestos dust, as reported in recent literature.

He also will report to us following the conference to be held in New York from October 19 to October 21, 1964, and I will send you additional information after that time.

Yours very truly,

John T. Cantlon
