11 January 1966

Dear Dr. Kehoe,

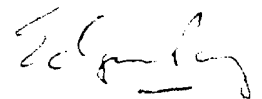

Thank you very much for your letter dated 29 December 1965 and for the published information which we received under separate cover.

It was very kind of you to answer my questions at length. The information you have given us will be very helpful and I shall place the published material in our library for permanent use.

I am enclosing the following copies of which? containing reports on products we have found to contain undesirable quantities of lead:
