

Lead Industries Association

420 LEXINGTON AVENUE

NEW YORK, N. Y.

W. STEPHEN CRANE, President
WALTER H. DODGE, Vice President
WILLIAM H. ROBERTS, Jr., Treasurer
FELIX EDGAR WINTER, Secretary

January 5, 1931

TO THE MEMBERS OF THE LEAD INDUSTRIES ASSOCIATION:

During 1930 an important contribution to the literature available on lead poisoning was made by the American Public Health Association in New York. It is the work of a Committee of that Association and is a useful resume of the subject so far as its diagnosis, individual treatment and industrial control are concerned.

Doubtless many members who are unaware of the existence of this publication would like to procure a copy. For their benefit the full title of the booklet is, "Lead Poisoning" and it may be procured at 75¢ per copy from the offices of the American Public Health Association, 370 Seventh Avenue, New York, N. Y.

Sincerely yours,

F. E. Wormser

Secretary.
