Re: Case 17-F-0282 – Alle-Catt Wind Energy LLC
Request for Notice to Proceed with Construction – Access Roads and Collection Lines

Dear Mr. Zehr:

Pursuant to the *Order Granting Certificate of Environmental Compatibility and Public Need, with Conditions* dated June 3, 2020 in Case 17-F-0282, Alle-Catt Wind Energy LLC (ACWE) requests permission to proceed with construction of access roads, and the necessary topsoil stripping and earth work related thereto (Access Road Construction), and installation of collection lines throughout the Article 10 Wind Facility site.

All notifications required by Conditions 20 through 23 of the Article 10 Certificate of Environmental Compatibility and Public Need (Article 10 CECPN) have been provided, as affirmed in the letter submitted to Secretary Phillips on April 2, 2025 (Case 17-F-0282, DMM Docket No. 697). ACWE is requesting permission to commence Access Road Construction and installation of collection lines on or about April 7, 2025.

ACWE seeks permission to proceed with Access Road Construction and installation of collection lines throughout the Article 10 Wind Facility site as described in the compliance filings listed below, which were filed in compliance with the Article 10 CECPN and approved by the New York State Public Service Commission (Commission):

- The Commission issued an Order on June 25, 2024 in Case 17-F-0282 approving the Stormwater Package (No. 8) (DMM No. 573).
- The Commission issued an Order on December 24, 2024 in Case 17-F-0282 conditionally approving the Construction Notice to Proceed (CNTF Package) (Nos. 1, 2, 3, 5, 8, 10, 11, 12, 13, 14, 18, 28, and 31) and finding that the CNTF Package assures compliance with Certificate Conditions 46, 49, 56(b), and 57 (DMM No. 666).

Since there are no further compliance filings required for this phase of construction, ACWE respectfully requests issuance of the Notice to Proceed with Construction for Access Road Construction and installation of collection lines throughout the Article 10 Wind Facility site as soon as possible.

Please contact me with any questions.

Respectfully submitted,

/s/ John W. Dax
