Dr. R. A. Kehoe,

Dear Dr. Kehoe:

Dr. Petrini, the Italian representative of Montecatini, who is here at the plant happened to come across one of our Rules and Regulations placards in Italian. He called to our attention the fact that the translation was very poor although it would be possible to read the instructions after a fashion. He has offered to correct one of these for us and we have accepted his offer feeling that he should be able to render this correction as well as anyone. It might be that whoever is now taking care of the proper Italian translation will want to use this one as a check. Incidentally Dr. Petrini speaks French fluently and states that our French translation is very good.

In case you may wish to use this Italian translation please advise us and we will forward same to you.

Very truly yours,

J. H. Schaefer
