BHRC-TC, -OC & -CC Members –

We received a REVISED midyear Case Control (CC) Progress Report from Otto Wong, dated July 27 (the original is dated July 24 on the cover page). The revisions correct actual vs. projected case accrual values (cases accrued through midyear and case accrual projections) that Otto received from Dr. Irons, so case and control numbers should now be consistent, between the CC and DP/ME reports.

I've attached a copy of the Revised CC Report to this email, and printed copies of both reports (CC & DP/ME) will be included in the packet of handout materials for the Houston Meeting.

Best wishes for the weekend, and I look forward to seeing y'all on Monday!

Best Regards – Bruce.

Subject: SHS... CC Study Progress Report - July 2006 (Otto Wong)

BHRC Technical Committee –

Attached is the Case Control (CC) study Progress Report received from Dr. Wong, dated 24 July 2006.

With regards to the mid-year 2006 Disease Progression / Molecular Epidemiology (DP/ME) Progress Report, API received a "Progress Report on the Budget" from Rich Irons, which Russ distributed on Friday. Dr. Irons sent the corresponding mid-year "Technical Progress Report" directly to Jerry Rice for distribution to Science and Ethics Review Panel members.

Best Regards – Bruce.

Robin –

Here is an electronic file copy of Richard Irons / University of Colorado expense accounting for the first-half of 2006 (Jan 1 – Jun 30, 2006); Ann will send one-page summary "official accounting" from the UC Grants Office when it becomes available (normally released 45 days after the period closes, so sometime around August 15th).

Best Regards – Bruce.
