

A

Interoffice Communication

To J. W. Powell

From J. Stark

Date December 27, 1974

Subject VCM Compliance Program-Revised

II. Regulated Areas

B. Action Steps

3. Entrance Logs

c. Write Plan

- c1. East shipping gate closed
- c2. Place log at compress and instruct lead operators on completing form.
- c3. Place log at rail scale house. Instruct yard personnel on completing form to cover railroad personnel in plant.

Above plan assumes that Praire will not be a controlled area. This decision will be reacted after testing at Praire is completed by A. F. G.
