Re: Nevada Power v. Monsanto, et al.

Dear Paul:

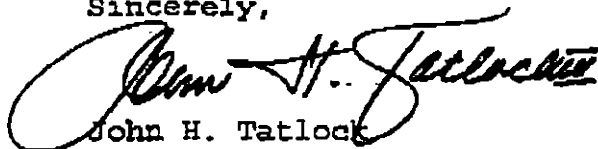

In response to your July 13 letter, Monsanto has searched for and located the document referred to in the introduction to the "PCB Environmental Pollution Abatement Plan" prepared by the Ad Hoc Committee (Plaintiff's Ex. 1118).

The document is confidential and subject to the attorney-client privilege. At the time the document was prepared it was addressed to Rodney Harris, a Monsanto lawyer, and prominently labeled as subject to the attorney-client privilege. Monsanto is supplementing its privilege log to identify the document. For your reference, an identification of the document is enclosed.

As is the case with the other documents on the privilege log, this document has never been disclosed and the privilege has been maintained.

We have also searched for and found the Kelly, Wheeler, Bergen, and Springate management committee report you requested in your July 13 letter. Please refer to documents bearing the following production numbers: NEV028691-028715; NEV105034-105039; and NEV129741-129756.

Sincerely,

John H. Tatlock
