Hi there Apologies for the late email. Please find attached the symposium agenda. Second, an executive (TBD) from Deepwater Wind is a possible person to introduce the Secretary. I wanted to check in with you on that.

Attendee list is at 80 right now (expecting 250+) so we can plan to send to you on Friday by noon if that makes sense. Please let me know.

Many thanks,

Heather

Hi Leila!

We'll make it work with the time — thank you! Let's say 9:30 for scheduling. I shall I send materials to you for review?

Many thanks,
Heather

Hi Heather!

Secretary Zinke is looking forward to participating in your event. Thank you again for the opportunity.

I'm not sure why anyone said you couldn't advertise the event until after Labor Day. Our only request is to review and approve anything that has his name on it. Any press releases, advisories, invites, emails, mailings, program books, etc. needs to be approved by our office before it's released/announced. We appreciate your understanding.

Can you please send me the latest draft agenda with speakers? He has another commitment that morning so I'm not sure if I can get him there until closer to 9:15/9:30am. Does that time do work?

Thank you!

Leila

Talked with the scheduling office a bit. End result is you all need to reach out to scheduling again to confirm the time slot and discuss materials.

The scheduling office will need to get every piece of information you are planning to send out or post on a website with the Secretary's name on it as it will need to be approved and run through ethics.

You have a contact at the scheduling office correct?

Hi Todd and Jason,

I hope you had a nice Labor Day weekend. I wanted to thank you for your time last week to meet with Susie, Charles and me. We covered a lot of ground, and I hope that we will regularly be in touch.

More immediately, I wanted to check in on availability of the Secretary speaking at the National Clean Energy Week Policy Makers Symposium at the National Press Club on Wednesday, September 26. You had indicated that the Secretary was confirmed, although the office asked that we hold off promoting until after Labor Day, and that we still needed to find a time slot. Currently, we have the Secretary as the morning kickoff speaker at 8:05AM, subject to your confirmation. Would you please let me know if that time is convenient? I assume we are ok to mention his participation in the symposium now that we are after Labor Day but would appreciate a nod on that, too!

My best,

Heather

SEPTEMBER 24 - 28, 2018

**NCEW Policy Makers Symposium Schedule
Wednesday, September 26
The National Press Club, Washington D.C.**

Time	Topic	Speakers/Panelists
7:00 AM – 8:00 AM	Arrivals/Registration/Breakfast	
8:00 AM – 8:05 AM	Welcome and Opening Remarks	Heather Reams, Managing Director, Citizens for Responsible Energy Solutions (CRES)
8:05 AM 8:10 AM	Remarks	CRES Advisor, Former U.S. Senator Kelly Ayotte (NH)

8:10 AM – 9:00 AM	<p>PANEL: Clean Energy Jobs: Growth and Projections</p> <p>Over 3 million jobs are attributed to the clean energy sector and is representative of one of the most dynamic job growth sectors nationwide. From small businesses to multinational public companies, the contributions of clean energy to our economy in supporting job growth cannot be ignored. Whether it is natural gas, solar, wind, hydropower, biofuels, waste to energy, or energy efficiency, clean energy plays a significant role in job creation. This panel will discuss the strengths of jobs in the clean energy industry and how we will continue to convert the power of the sun, wind, water, and waste into kilowatts needed to light and fuel our homes and businesses across the country with clean energy.</p>	<p>Moderator: Lisa Jacobson, President, Business Council for Sustainable Energy (BCSE)</p> <p>Panelists:</p> <ul style="list-style-type: none"> • Robert Keefe, Executive Director, Environmental Entrepreneurs E2 • Maggie Lemmerman, Senior Director of Federal Affairs, American Wind Energy Association • Emily Duncan, Director of Federal Affairs, National Grid • Bryan Just, Senior Economist, American Petroleum Institute
9:00 AM – 9:30 AM	Remarks	FERC Commissioner Neil Chatterjee
9:30 AM – 9:50 AM	Remarks	Secretary of the Interior Ryan Zinke
9:50 AM – 10:10 AM	Remarks	Senator Lisa Murkowski (R-AK)
10:10 AM – 11:00 AM	<p>PANEL: Overcoming Regulatory Barriers to Advance the Clean Energy Sector</p> <p>Numerous factors are causing our energy system to modernize rapidly, including evolving consumer preferences, dynamic new technologies, and aging infrastructure. This panel will explore how regulations designed for dated systems and technologies can be modernized to further drive economic growth and grid modernization, providing electric power that is affordable, reliable, and resilient to all Americans.</p>	<p>Moderator: William Murray, Federal Energy Manager, Energy Policy, R Street</p> <p>Panelists:</p> <ul style="list-style-type: none"> • Dr. Laura Nelson, Executive Director, Utah Office for Energy Development • Malcolm Woolf, Senior Vice President, Policy Advanced Energy Economy • Other panelists to be confirmed

11:00 AM – 11:15 AM	Remarks	Governor Gary Herbert (R-Utah)
11:15 AM – 11:35 AM	Remarks	Arvin Ganesan, Energy and Environmental Policy, Apple Corp.
11:35 AM – 12:55 PM	Lunch	
12:00 PM – 12:20 PM	Lunch Remarks	EPA Acting Administrator Andrew Wheeler
12:35 PM – 12:55 PM	Lunch Remarks	DOE Under Secretary for Energy Mark Menezes
1:00 PM – 1:15 PM	Remarks	Representative Ted Deutch (D-FL-22)
1:15 PM – 1:30 PM	Policy Innovation: Clean Tax Cuts & Barrier Free Clean Capitalism	Charles Hernick, Director of Policy and Advocacy, CRES Forum Rod Richardson, Grace Richardson Fund Co Chair, Clean Capitalist Leadership Council President, Grace Richardson Fund

<p>1:30 PM – 2:15 PM</p>	<p>PANEL: Can Laissez-Faire Capitalism Deliver Better Environmental Results</p> <p>Clean energy prices have dropped dramatically over the past decade. With less need for subsidization and growing profits, this panel will discuss how the very laissez faire principles that created modern capitalism – the policy of reducing barriers to capital, participation, trade and competition – can now accelerate clean free enterprise and conservation. Lowering taxes, tariffs, and barriers hampering the growth of clean capitalism, can decrease pollution and improve environmental outcomes while spreading economic freedom and inclusive prosperity globally. Panelists will introduce the new Clean Capitalist Coalition.</p>	<p>Moderator: Rod Richardson, Co-Chair, Clean Capitalist Leadership Council President, Grace Richardson Fund</p> <p>Panelists:</p> <ul style="list-style-type: none"> • Jeff Kupfer, Earth & Water Law Group • Wayne Winegarden, Ph.D, Senior Fellow in Business & Economics, Pacific Research Institute • Jeremy Harrell, Managing Director, Policy, ClearPath Foundation • Drew Bond, Senior Fellow & Director of Energy Innovation Programs, American Council for Capital Formation (ACCF) Center for Policy Research
<p>2:15 PM – 2:30 PM</p>	<p>Remarks</p>	<p>Senator Martin Heinrich (D-NM)</p>
<p>2:30 PM – 3:20 PM</p>	<p>PANEL: Spurring Innovation and Reducing Emissions</p> <p>Speakers from the Department of Energy will discuss ways their offices are embracing Secretary Perry's principles of New Energy Realism to pursue an all of the above energy policy that more efficiently develops and uses all of America's energy sources. Through the power of innovation, we can grow our economy and protect our environment.</p>	<p>Moderator: Charles Hernick, CRES Forum</p> <p>Panelists:</p> <ul style="list-style-type: none"> • Steve Capanna, Director of Strategic Priorities and Impact Analysis, Office of Energy Efficiency and Renewable Energy • Angelos Kokkinos, Director of Advanced Fossil Technology, Office of Fossil Energy • Brad Williams, Senior Technical Advisor, Office of Nuclear Energy • Doug Schultz, Director of Origination, Loan Programs Office

3:20 PM – 3:35 PM	Remarks	Representative Tom Reed (R-NY-23)
3:35 PM – 4:25 PM	<p>PANEL: The Importance of Strategic Investments in Energy Innovation</p> <p>America is a world leader in innovation and the clean energy economy is the next frontier. This panel will discuss the policies and economic conditions to assure that businesses can enter the clean energy space, help our economy grow, and reposition the U.S. as an exporter of clean energy and a new generation of advanced technologies.</p>	<p>Moderator: Michael Boots, Senior Director, Advocacy and Government Relations, bgC3</p> <p>Panelists:</p> <ul style="list-style-type: none"> • Rich Powell, Executive Director, ClearPath Foundation • Emily Reichert, Chief Executive Officer, Greentown Labs • Conner Prochaska, Senior Advisor and Chief of Staff, Advanced Research Projects Agency Energy (ARPA E) • Jason Hartke, President, Alliance to Save Energy
4:25 PM – 4:40 PM	Remarks	Senator Steve Daines (R-MT)
4:40 PM – 5:25 PM	<p>PANEL: Moving to a Cleaner Energy Future: How Do We Get There?</p> <p>America’s clean energy sector is growing several times faster than the national economy and is producing more than a third of America’s energy. This panel will discuss the barriers to continued, rapid clean energy growth and identify the policy, financial, technological, and social changes needed to capitalize on the opportunity to accelerate towards a cleaner energy future.</p>	<p>Moderator: Charles Hernick, Director of Policy and Advocacy, CRES Forum</p> <p>Panelists:</p> <ul style="list-style-type: none"> • Jeffrey Stein, Policy Advisor, American Petroleum Institute • Hannah Hunt, American Wind Energy Association • Alex Hergott, Council for Environmental Quality
5:25 PM – 5:30 PM	Closing Remarks	Heather Reams, Managing Director, Citizens for Responsible Energy Solutions (CRES)
5:30 PM – 7:00 PM	Reception in First Amendment Lounge
