Dept. B-246 - Specifications
Pydraul A-200 - Low Temperature Viscosity

(1) Our Memo of 11/2/62 to K. L. McHugh
(2) K. L. McHugh Memo of 12/13/62

Mr. W. J. Gresham

Kindly initiate the necessary specification change form for Pydraul A-200 as agreed to by Mr. McHugh in the reference memo.

Pour point should be deleted and a viscosity at 50 Deg. F. of 900 cs max. is to be established.

Kindly advise if there are any questions.
