Ms. Evelyn Lawson
Clorox
P. O. Box 493
Pleasanton, CA 94566-0803

Dear Evelyn:

This letter is in response to your question regarding the presence of Proposition 65 listed chemicals in Vista's ALFONIC 810-60 Ethoxylate. This product does contain residual ethylene oxide. Although the actual amount is variable it is typically below 1.0 ppm.

Sincerely,

Thomas G. Grumbles, C.I.H.
Manager Environmental Affairs

8. **EMPLOYEE EDUCATION AND PRODUCT FEEDBACK:** Provide education and training to our employees based on their job function, on the proper handling, use and disposal of products and known product uses. Report information on product uses and identified misuses or adverse effects to management.
9. **CONTRACT MANUFACTURERS AND DISTRIBUTORS:** Select and work with contract manufacturers and distributors who meet relevant company health, safety and environmental standards. Provide information and guidance appropriate to the product risk level to foster proper handling, use and disposal. Periodically review performance.
10. **SUPPLIERS:** Work with suppliers to help them meet relevant company health, safety and environmental standards and where appropriate factor these considerations into procurement policies.
11. **CUSTOMERS:** Work with customers to foster proper use, handling and disposal of products, commensurate with product risk. If necessary, the company may decide to cease doing business with customers who are unwilling to implement appropriate actions.
