10/31/94

SUBJECT: PROPOSAL TO AMEND TEXAS ASBESTOS HEALTH PROTECTION ACT

ON OCTOBER 31 A MEETING WITH TDH (J. LAUDERDALE DILLHOUSE); ASBESTOS ADVISORY CTM (FRANK PARKER); DAN PHILLIPS, TEXAS UTILITIES; AND JTSO/OCK, EXXON CHEMICAL MET TO DISCUSS THE CHANGES THAT ARE REQUIRED TO BRING THE STATE IN COMPLIANCE WITH EPA'S ASHARA (Asbestos School Hazard Abatement Reauthorization Act) Model Accreditation Program. Basically, in 1990, Congress EXPANDED THE ACCREDITATION REQUIREMENTS TO PUBLIC & COMMERCIAL BUILDINGS.

SINCE 1991 NIP FACILITIES HAVE BEEN EXEMPT BUT DUE TO THE CONGRESSIONAL ACTION PUBLIC AND COMMERCIAL BUILDINGS AS DEFINED IN TSCA SECTION 202(10) COVERS INDUSTRIAL BUILDINGS BECAUSE "INDUSTRIAL BUILDINGS ARE INCLUDED WITHIN THE BROAD STATUTORY DEFINITION OF PUBLIC AND COMMERCIAL BUILDINGS" NOW WHAT DO WE HAVE? A POSSIBLE COMPROMISE SOMEWHERE. THE STATE MUST COMPLY AND THEN WE DO, BUT THE STATE HAS ADDED A FEW EXTRAS TO THE RULES (WHICH WILL HAVE TO BE MODIFIED FOLLOWING AMENDMENT OF THE ACT) SO WE NEED TO:

- READ THE PUBLIC BLDG DEFINITION IN THE FEDERAL REGISTER 2/3/94 MAP (I SENT THIS) & COMPARE TO WHAT TEXAS CURRENTLY IS, THEN ANSWER ARE YOU COMFORTABLE WITH IT? IF NOT WE NEED A PROPOSAL QUICKLY AS TDH WANTS TO GO IN WITH PREFILLING

GIVE ME A CALL 213-425-1141
