Thanks Ken -

We appreciate the opportunity to get to know you, learn more about your priorities, and discuss our shared interests.

The Energy Institute looks forward to working with you and EPA on many issues affecting our nation's energy industry. We share the same goal of putting Americans back to work and improving our communities and energy security, while helping protect and preserve the environment.

Thanks again for meeting with us, and please don't hesitate to contact me at anytime if I can ever be of assistance. Feel free to share my contact info (below) with anyone that may be interested and I look forward to talking with you soon.

Best wishes,

Matt
