As previously discussed by telephone there will be a meeting of the Lead Pigment Manufacturing members of LIA on May 20, 1971 at 10:00 A.M. in the offices of the Association.

The purpose of the meeting will be to discuss "Public Law 91-695, Lead-Based Paint Poisoning Prevention Act," copy enclosed, and to establish a course of action in line with the provisions of the Law.

There is a possibility that governmental interpretation of the law might incorrectly include lead anti-corrosive pigments for steel structures of various kinds. The attached call report by LIA's staff member, J. F. Smith, indicates some confusion now seems to prevail. Our intent at this meeting would be to establish a unified approach that could forestall such incorrect interpretation of the present law.

Sincerely yours,

David M. Borcina
Secretary, Treasurer

GRANTS FOR LOCAL DETECTION AND TREATMENT OF LEAD-BASED PAINT POISONING

SEC. 101. (a) The Secretary of Health, Education, and Welfare (hereafter referred to in this title as the Secretary) is authorized to make grants to units of general local government for the purpose of assisting such units in developing and carrying out programs to detect and treat incidents of lead-based paint poisoning.

(b) The amount of any such grant shall not exceed 50 percent of the cost of developing and carrying out such programs, as approved by the Secretary, during a period of 3 years.

(c) A local program should include—

(1) educational programs intended to inform the public of the danger and prevalence of lead-based paint poisoning, to parents of children of inner city areas, to parent officials;

(2) development and carrying out of testing programs designed to detect lead-based paint poisoning among community residents, and to provide medical treatment for such afflicted persons;

(3) development and carrying out of programs to insure that identified cases of lead-based paint poisoning are protected against further exposure to their living environment; and

(4) any other actions which will assist in the detection and treatment of lead-based paint poisoning.

(d) Each local program shall afford the residents of communities or neighborhoods in which lead-based paint poisoning is a problem, and for providing appropriate information and any information which may be necessary for the elimination of opportunities for employment in lead-based paint elimination programs.

TITLE II—GRANTS FOR THE DETECTION AND TREATMENT OF LEAD-BASED PAINT POISONING

SEC. 201. The Secretary of Health, Education, and Welfare is authorized to make grants to units of any State for the purpose of assisting such units in carrying out programs that identify the risk to the health of residents because of lead-based paint poisoning.

paints on interior surfaces, and then to develop and carry out programs to eliminate the hazards of lead-based paint poisoning.

(a) A local program should include:

- (1) development and carrying out of comprehensive testing programs to detect the presence of lead-based paints on surfaces of residential housing;
- (2) the development and carrying out of a comprehensive program requiring the prompt elimination of lead-based paints from all interior surfaces, porches, and exterior surfaces to which children may be commonly exposed, of residential housing on which lead-based paints have been used as a surface covering, including those surfaces on which non-lead-based paints have been used to cover surfaces to which lead-based paints were previously applied; and
- (3) any other actions which will reduce or eliminate lead-based paint poisoning.

(b) Each such program shall—

- (1) be consistent with the appropriate local program assisted under section 101, and
- (2) afford, to the maximum extent feasible, opportunities for employing the residents of communities or neighborhoods affected by lead-based paint poisoning, and for providing appropriate training, education, and any information which may be necessary to inform such residents of opportunities for employment in lead-based paint elimination programs.

TITLE III—FEDERAL DEMONSTRATION AND RESEARCH PROGRAM

FEDERAL DEMONSTRATION AND RESEARCH PROGRAM

SEC. 301. The Secretary of Housing and Urban Development, in consultation with the Secretary of Health, Education, and Welfare, shall develop and carry out a demonstration and research program to determine the nature and extent of the problem of lead-based paint poisoning in the United States, particularly in urban areas, and the methods by which lead-based paint can most effectively be removed from interior surfaces, porches, and exterior surfaces to which children may be commonly exposed, of residential housing. Within one year after the date of the enactment of this Act the Secretary shall submit to the Congress a full and complete report of his findings and recommendations as developed pursuant to such program, together with a statement of any legislation which should be enacted, and any changes in existing law which should be made, in order to carry out such recommendations.

TITLE IV—PROHIBITION AGAINST FUTURE USE OF LEAD-BASED PAINT

PROHIBITION AGAINST USE OF LEAD-BASED PAINT IN FUTURE CONSTRUCTION AND REHABILITATION

SEC. 401. The Secretary of Health, Education, and Welfare shall take such steps and impose such conditions as may be necessary or appropriate to prohibit the use of lead-based paint in residential structures constructed or rehabilitated after the date of enactment of this Act by the Federal government, or with Federal assistance in any form.

TITLE V—GENERAL
