Dear all,
Here the slides from the meeting we had on the production of fluoropolymers. Several colleagues from DK and DE joined the meeting as well.
Kind regards,

[REDACTED] 5.1.2e

[REDACTED] 5.1.2e,

Thank you very much for the time you took to participate at the call we had last week on the new development announced by GFL, on the manufacture of PTFE without fluorinated polymerisation aids. As agreed, attached you will find the slides that we showed during the call, and the technical report that Chemservice has prepared based on the input received from GFL. Please note that GFL at the moment still regards the content of these materials as confidential, which has been flagged in the attached versions. As mentioned during the call, we leave it to you to share the material with your colleagues from other Member States. We hope that you will find this information interesting and remain at your disposal for any further clarification or question you may have.

Saludos cordiales / With best regards / Mit freundlichen Grüßen
