Mr. A. M. Salazar
Secretary ANSI Comm. C107
155 East 44th Street
New York, New York 10017

Dear Al:

Could not reach you by phone today to let you know the appointments to head the two following sub-committees of C107:

1. Capacitors
   Dr. Al Pozefsky
   G.E., Hudson Falls, N.Y.

2. Transformers
   Mr. Edward L. Raab
   G.E., Pittsfield, Mass.

Please so inform the people who attended the Gaithersburg meeting and ask which (or both) committees they wish to serve.

Also please nominate a meeting date and place in November. Both committees should meet on the same day with provision for some members to attend both sessions.

It has become imperative that ANSI C107 get out guidelines as promptly as possible.

Thanks for your help.

Best regards,

P. G. Benignus

cs
cc Dr. Al Pozefsky
Mr. E. L. Raab
