## INDUSTRIAL SAFETY EQUIPMENT

### EYE PROTECTION

American Allsafe - Monogoggles, Monoshields
American Optical - Safety glasses, goggles, faceshields, etc.
Bullard - Faceshields, brackets.
Fibre-Metal
INDUSCO - Visitors Specs
Jackson - Full line
Lensclean - Anti-fog and lens cleaning tissues, liquids, dispensers
Norton 180
Racal - Airstream welding helmets
Uvex - Ultraspec

### HEAD PROTECTION

American Allsafe - Winter liners
American Optical - Safety Caps
Bullard Hard hats and bump caps
■ INDUSCO - Winter liners

### HAND PROTECTION

25 styles of Neoprene & P.V.C. coated gloves
Ansell - Latex, Nitrile, Neoprene gloves
Best - gloves
Edmont Wilson - Coated gloves
Illinois - U.S.A. leather gloves
■ Imported gloves
INDUSCO - Asbestos substitutes; Norfab & Kevlar, cotton, rubber, asbestos, welding gloves
Keller - Kelnit heat gloves & sleeves
Liberty - Heat gloves
London - Latex and Nitrile gloves
Monte gloves
Norton gloves
Racine - gloves, Kevlar
Steel Grip - gloves, finger guards glove protectors
Surety - Nitrile gloves
Wheeler - gloves
Winter gloves & glove liners

### HEARING PROTECTION

■ Airsoft - Ear plugs
American Optical - Ear muffs & plugs
Bilsom - Ear muffs and plugs
Bullard - Ear muffs/bands
Comfit - Ear plugs
E-A-R - Ear plugs
E-A-R - Caboflex - Hearing Band
Flents - Ear plugs
■ Qui-it - Disposable ear plugs
Peacekeeper - Individually molded ear plugs
Sound Sentry - Hearing Protectors

### PROTECTIVE CLOTHING

Durafab - Disposable clothing
Fyrepel - Firefighting clothing, Fire/Chemical Suits, Butyl/ Aluminized Nomex, etc.
I.L.C. Dover - Chemical suits, cool vests
■ INDUSCO - Disposable clothing
INDUSCO - Flame Retardant Disposables
INDUSCO - Feather weight dust hoods
INDUSCO - Protective clothing; Preox, Norfab Kevlar, asbestos, rayon, aluminized.
IPCO - "Air Weave" Industrial/Police rainwear
■ IPCO - Triweave flame retardant chemical resistant rainwear
Racine - Protective clothing, etc.

Speakman - Eye/Facewash/Emergency showers
Western - Eye/Facewash/Emergency showers
■ Wipe - Antiseptic 8"x5¼" (Clean respirators, goggles, etc.)

Items with a ■ represent a new product line or a new product in an existing line. Please ask us for more information.

| Type of air conditioner | Recommended use | Air flow at 100 psig inlet air pressure* (scfm) | Maximum temp. change at tube inlet | Catalog number |
|---|---|---|---|---|
| 1. Cold Air Tube | Helmet-only cooling | 11 | −60°F | 68224 |
| Cold Air Tube | Moderate-service full-suit and hood cooling | 25 | −60°F | 66628 |
| 3. Hi-Flow Cold Air Tube | High-temperature service full-suit cooling | 40 | −60°F | 630528 |
| 4. Hot-cold Tube | Helmet-only cooling | 25 | +50°F or −50°F | 472655 |

* Lower air inlet pressures will result in proportionally lower flows and less cooling.

**NOTE:** All personal air conditioners are adjustable by wearer for flow and temperature. These units are not recommended for use at inlet air pressure below 60 psig.

## Ordering Information

### Catalog numbers

**Cool-Flo Tubes**

**68224** Cool-Flo cold air tube only, fully insulated, with adapter elbow and temperature adjusting knob, 11 scfm inlet air flow

**66628** Cool-Flo cold air tube only, fully insulated, with adapter elbow and temperature adjusting knob, 25 scfm inlet air flow

**630528** Cool-Flo Hi-Flow cold air tube only, fully insulated, with adapter elbow and temperature adjusting knob, 40 scfm inlet air flow

**Temp-Trol Tube**

**472655** Temp-Trol hot/cold tube only, fully insulated, with adapter elbow and temperature adjusting knob, 25 scfm inlet air flow

**Accessories**

**92585** Lightweight manifold, with air-supply system, extended tubing, and insulating pad for use where total body cooling is desired.

**92659** Nylon harness, with insulating pad and manifold holder

**93091** Lightweight manifold with air-supply system and insulating pad—where torso cooling only is desired

**Cool-Flo Hoods with Lift-Front Window (complete with distribution system 93091 lightweight manifold and distribution system)**

**93068** Durable flame-retardant cotton
**93092** Aluminized asbestos
**93093** Vinyl
**93094** Polyurethane on nylon

**Cool-Flo Hoods with Fixed-Front Window (complete with 93091 lightweight manifold and distribution system)**

**93069** Durable flame-retardant cotton
**93095** Aluminized asbestos
**93096** Vinyl
**93097** Polyurethane on nylon

**Replacement Hoods Only (without headgear, window, and air system)**

**93102** Durable flame-retardant cotton
**93103** Aluminized asbestos
**93104** Vinyl
**93105** Polyurethane on nylon

**Sleeves for Cool-Flo Hoods**

**93106** Durable flame-retardant cotton
**93107** Aluminized asbestos
**93108** Vinyl
**93109** Polyurethane on nylon

**Hoods with Welding Helmet (without hard hat)**

**94145** Durable flame-retardant cotton hood with lift-front welding helmet and 93091 system, without lens (welding helmet 37735). (Can adapt to No. 1 or No. 4)

**Hood with Welding Helmet and B Cap**

**94144** Durable flame-retardant cotton Cool-Flo Hood with lift-front welding helmet, B cap and 93091 air system, without lens (welding helmet 48736).

**Hood with B Cap**

**94662** Durable flame-retardant cotton Cool-Flo Hood with fixed-front window, B cap and 93091 air system.

**Temp Top**

**94344** Airhose, Topgard® hat, faceshield assembly.

**94345** Cotton cape with flame-retardant finish.

**Note:** This Data Sheet is a guide, containing only a general description of the uses and performance capabilities of Cool-Flo System, Temp-Trol System, and hoods. These are worker comfort items and *do not* provide respiratory protection.

**Note:** Before use, refer to and strictly follow all instructions, cautions, and warnings on or with the product. For more information, contact MSA, 600 Penn Center Boulevard, Pittsburgh, PA 15235.
