Dear all,

I would like to share these documents (RMOA and RMOA conclusion for PFAS) with the group, for the next monthly meeting. In our point of view, these are the final versions and we would like to inform you that we intend to submit these documents to ECHA after the meeting. I hope to have informed everyone, but feel free if you want to share this documents with your colleagues. If there are still some burning issues, you are invited to let us know before or during the meeting next Monday.

Best regards,
