Subject: Fwd: Journalist enquiry re: coal mining and GHGs

Hi Sian, I'm back and will look into this for you.

From: Sian Griffiths <Ex. 6>

Subject: Journalist enquiry re: coal mining and GHGs

Hi there

Enesta Jones out of office email suggested I contact this address...

I'm contacting you on behalf of DW Living Planet (Deutsche Welle = German broadcaster)

<http://www.dw.com/en/living-planet-environment-stories-from-around-the-world/a-19385797>

Can you advise how I can find the most recent US figures on how much coal mining accounts for US release of GHGs

Can I get an overall figure for coal mining as well as broken down between underground and strip mining and abandoned mines?

Can the GHGs be broken down between methane and CO2?

Deadline: Thursday August 24th

Many thanks, Sian
