Dr. Henry S. Thompson,
Medical School,
Harvard University,
Boston, 17, Mass.

Dear Sir:

Your letter of December 2 is received in Mr. Crane's absence from the city. He is out at the mines and is expected to return about December 12.

The reprints referred to have not been received. Mr. Crane has seen the report of the lead investigation which was sent to Dr. Thompson and if he desires a copy for his file he will advise you when he returns to the office.

Yours very truly,

J. E. Shurt

Secretary
to Mr. Crane
