Mr. Don Fowler
Medical Department
Chrysler Corporation
Post Office Box 1919
Highland Park, Michigan

Dear Mr. Fowler:

I enjoyed visiting with you this morning in connection with our efforts to obtain approval for a trial run of our Pydraul A-200 in your Kokomo, Indiana, plant.

Naturally, we are quite disturbed to learn that there continues to be a hesitancy in approving this run from a toxicological standpoint. Because of this, we are very pleased that you agree that it would be worth while we have a visit in your office with you and Mr. Vander Mei and our Dr. Wheeler and Mr. D. F. Smith. As agreed, we will make plans to be at your office around 9.30 a.m. Friday, July 17. The early part of that week, I will check with you to be sure this date is still satisfactory.

In the meantime, I hope you have a most enjoyable vacation.

Best regards.

Sincerely,

District Sales Manager
Organic Chemicals Division
