Subject: Thank you

Hi Samantha,

Thank you for your time yesterday, we really appreciated the opportunity to share some information on Boeing with you and your colleagues. We also look forward to working with you and your staff on the issues we discussed. Please let me know if you have any questions or need more information on any of the topics we raised. Also let us know when you and your colleagues might have time to come to Charleston, SC to learn how 787's are built. That would be good background for you all to have as we work thru some of these issues together in the future.

I look forward to speaking with you again soon.

All the best,

Peter A. Pagano

Director, Environment
