

1 whole block.

2 In terms of vehicles, how many vehicles
3 could fit inside that garage?

4 A Inside the garage you would be able to get
5 maybe 30 or 35, inside of the garage itself.

6 Q And when you say about 30 to 35, does that
7 include cars as well as trucks?

8 A Yes, in the parking area.

9 Q At the garage on Preston Street,
10 approximately how many post office vehicles were
11 worked on at that garage?

12 A We had about 150, about.

13 Q Okay. Now, besides yourself as a mechanic,
14 approximately how many other mechanics worked your
15 shift?

16 A About seven, seven or eight.

17 Q And did those seven or eight other
18 mechanics, did they do the same type of work that you
19 did?

20 A Yes.

21 Q And so their duties would have been the same
