PRELIMINARY STATEMENT AND GENERAL OBJECTIONS

Defendant F.B. Wright Company of Cincinnati objects to this discovery at the outset for the reason that the Baron & Budd site list attached as Exhibit A to the master set of interrogatories demonstrates that the vast majority of work sites are locations where this Defendant has never sold any product. As such, the Plaintiffs' work site identification, without specific product identification, should not require this Defendant to respond to the master interrogatories set.

Defendant F.B. Wright Company of Cincinnati objects to the "instructions" and "definitions" segments of Plaintiffs' master set of interrogatories to the extent that they may seek to impart on this answering Defendant any requirement or obligation beyond those which are implicit in the Ohio Rules of Civil Procedure and/or to the extent they define terms other than those terms commonly used or understood under Ohio law. Defendant F.B. Wright Company of Cincinnati further objects to Plaintiffs' master set of interrogatories to the extent they seek information which is protected by the attorney-client privilege or the attorney work product doctrine, or otherwise as trial preparation materials outside what is permitted under the Court's Case Management Plans (as amended).

Defendant F.B. Wright Company of Cincinnati incorporates this Preliminary Statement and General Objection into each and every interrogatory answer without repeating and restating them

individually therein. Without waiving any of these objections, and subject thereto, Defendant F.B. Wright Company of Cincinnati hereby provides the following responses:
