Re: Dorothy Bell v. Union Carbide
Corporation, et al.

Dear Walter:

The attached memo from Ms. E. M. Farah to me dated September 4, 1984 indicates that Diamond Shamrock and Stauffer did not supply vinyl chloride to our Texas City Plant. We believe that Stauffer did supply vinyl chloride to our plant at Torrance, California, but none of that material would have been shipped to Texas City.

We hope this satisfies your inquiry.

Sincerely,

Peter F. Davey

Re: Dorothy Bell v. UCC

At your request, I telephoned John F. Morgan of Purchasing and Materials Services concerning the purchase of vinyl chloride for the Texas City plant. The following information was provided:

- There are no purchases from Diamond and Stauffer.
- There are purchases from Dow:
100% before 1982 and approximately 70% since 1982.
- Since 1982 approximately 30% of the purchases are from PPG.
