Dillion*

Dear Ms. Vinick:

Your December 18 FAX requested information on the TSCA and Canadian Domestic Substances List status for several Texaco Chemical Company products. All of these chemicals are properly listed on both TSCA and the DSL under the following CAS numbers:

PRODUCT	CAS NUMBER
711472 * SURFONIC® N-60	9016-45-9
Cyclohexane	110-82-7
Ethylene Glycol	107-21-1
Butadiene	106-99-0
Ethylene Oxide	75-21-8
Nonene	27215-95-8
Dimethylethanolamine	108-01-0
Propane	74-98-6
Morpholine	110-91-8
Nonylphenol	84852-15-3

*but believe it would
have per. review
3/1/92*
NO FDA Clearance

You also requested information on approvals for use of these chemicals in food and drug applications according to Title 21 CFR. Unfortunately, we have not compiled a list of all the clearances/approvals for the above products. This is a major work item which we hope to get accomplished during 1992.

The MSDS you requested for three of the products will be mailed separately via our computerized MSDS distribution system.

Thanks for purchasing Texaco Chemical products! Please let me know if you have additional questions.

Sincerely,

Richard H. Bennett
