Dear Peter:

Thank you so much for taking the time to meet with us to discuss reconsideration of the MSW Landfill NSPS and EG Rules. We appreciated the opportunity to discuss some of the key issues that we hope to address with you once the reconsideration process gets underway. As we discussed, we have outlined in greater detail our perspectives on the issues for you and the team's consideration. If possible, we would like to have an interim call in the next week or two to discuss a process and timing for a subsequent meeting with OAQPS and OGC in the late spring or early summer. We would like that meeting to be as productive and useful to you as possible.

We know you are up to your eyeballs in NESHAPs and stand ready to help in any way we can, but we are concerned that time is slipping away to address some key compliance overlap issues that will be coming due in May 2019 as well as to find common ground for resolving the problems in Subparts XXX and Cf.

We are very grateful for your and your team's time and attention on this matter.

All the best,  
Kerry
