Dear Dr. Kehoe:

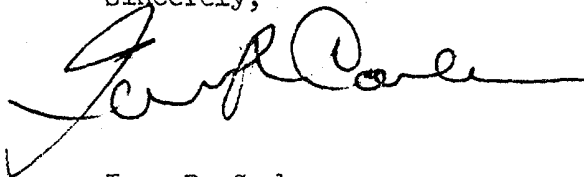

I want to add my thanks to that of Jule Gordon for your further cooperation and helpful interest as evidenced by your letter of November 13th, with the draft of your report, and your letter of December 13th in response to his of December 1st.

Jule and I went over your draft very carefully and I agree entirely with his letter to you. I find now that I am also entirely in agreement with your thoughts and explanations as contained in your letter of December 13th.

Now we look forward to the response from Dr. Fitzhugh and his associates at F.D.A., and the opportunity for Jule and me to join you in meeting with them if this seems to be indicated.

I want to take this opportunity of wishing you and Mrs. Kehoe a wonderful Christmas and everything good in 1969.

Sincerely,

Ivan D. Combe
