Reginald P. Jopling, 78 former vice-president of the American Steel and Wire Co., died today. His net income may be deducted.

Please buy your Railroad Tickets

EARLY

It assures you of accommodations—
It helps us help Uncle Sam

If you are traveling on our lines, we urge you to purchase your rail and Pullman tickets at the earliest moment.

From your point of view, if you buy your tickets early you have a better chance of getting your favorite accommodations. And even if you're just buying a local ticket, you avoid the possibility of a last minute rush at the ticket window.

From our point of view, advance buying of transportation helps us to give better service, and helps to lessen peak periods in our ticket offices.

We're trying hard to answer your transportation inquiries quickly, to handle your ticket purchases without delay to you. But we have man-power problems too, these wartime days, and trained ticket salesmen are getting scarcer and scarcer.

Our ticket offices are busiest between 11 a.m. and 2 p.m., and just before train leaving time. It's a good idea, then, to come to our ticket offices at other hours of the day to buy your tickets or discuss your travel problems. We make that suggestion both for your sake and ours.
