

SH! DEWEY NOT VET
WASHINGTON, Oct. 25 (UP)—President Truman has instructed Democratic campaigners to avoid any reference to Gov. Thomas E. Dewey's lack of military service.

Serve your country . . . build your future . . . get in the Navy!

"white supremacy." But like every Southern politician, he is deeply opposed to Federal civil rights legislation. Therefore the real difference between Hill and his allies and Dixon and his Dixiecrats does not concern civil rights. The difference lies elsewhere. To Dixon, the national Democratic party has become, since 1933, "an

to Thurmond." But it is believed that once the election is safely over Hill will come out fighting. Indeed, he must do so, for his political life is at stake. Thus what is in prospect in Alabama is a running battle.

TIRE RECAPPING ADDS MILEAGE AT LOW COST
Motorists Are Urged to Follow Truck Owners' Lead in Using Firestone Service
At surprisingly low cost, car-owners whose tires are smooth can obtain thousands of additional miles of safe, trouble-free tire service through application of new treads, Hicks & Howell, local Firestone dealers, said today.
"Motorists can well afford to follow the practice of truck operators, who save in expenses by having new treads put on their heavy tires," Hicks & Howell asserted. "Many truck tires receive several new treads during their lifetime."
"Rubber used by Firestone shops is the best obtainable, and the new tread rubber is applied to the tire under methods developed and thoroughly tested at the factory. In curing, the tire is given the same efficient tread design as that of a new tire."
