RE: NPC v. Monsanto et al.

Dear Paul:

I am in receipt of Mr. Kiernan's letter to you dated 13 July 1993. Mr. Kiernan made no mention of the Defendants agreeing to pay Nevada Power Company's employee time to copy all the TTS information to 3 1/2" disks (double-sided, double density). As you will recall I advised you that it would be necessary for an programmer to write a program to download the requested information. It is estimated that it will require approximately 40 manhours at \$20.00 per hour to download over 59,000,000 bytes of raw data in ASCII format. We will begin work once we have received confirmation of the defendants willingness to pay this additional cost.

Sincerely,
