## IMPERIAL HOUSE PAINT

An exceptionally high grade finish for exterior surfaces. A specially prepared repaint work when the surface to be recoated is in good condition for repainting.

### DIRECTIONS

Stir thoroughly with a lifting motion. For a one coat finish, apply as it comes from the can at a rate of not more than 550 square feet per gallon; do not add thinning oils or other paints to this product. Should be used as White only—do not tint.

**SURFACES PREVIOUSLY PAINTED**—All loose paint, scales, blisters and dirt should be removed. Make sure surface is dry. Spot-coat bare places with Glidden Exterior Base Coat No. 1851. If the surface is porous or weathered, apply a coat of Glidden Exterior Base Coat No. 1851 over the

entire surface. Allow to dry under good drying conditions. Imperial House Paint is a **TWO COAT SYSTEM FOR EXTERIOR SURFACES**—Prime Coat—Use Glidden Exterior Base Coat No. 1851 at a spreading rate of 550 square feet per gallon. Second Coat—Apply Imperial House Paint as a second coat, at a spreading rate of 550 square feet per gallon.

Select your brushes from the Glidden Line. L.C. 10-6-48.
