Evening Mr. Hart,

Hope this finds you well! Reaching out about setting up the Coca-Cola meeting that you emailed Ryan about. Administrator Pruitt will be leaving town early afternoon on Thursday but I would like to try to find a time before then to set up the meeting. Is there any opportunity to meet late afternoon on Wednesday?

Thank you!

. Here is the link to the 2016 EMTS data. <https://www.epa.gov/fuels-registration-reporting-and-compliance-help/2016-renewable-fuel-standard-data>

The cellulosic totals were as follows:

- Ethanol 3.805 million gallons
- CNG 116.58 million gallons
- LNG 71.97 million gallons
- Total = 192.35 million gallons

The 2016 cellulosic standard was 230 million gallons.

Many thanks for the meeting, and I will follow up further later.

Ryan -

Just checking to see if it was still going to be possible for Pierce to meet with Scoot this week? Thanks.

Ryan -

Know that you are swamped, and as I mentioned would not bother you if I didn't think this important. Pierce Norton the CEO of Oneok is in D.C. next week, and very anxious to meet with Scott. For all the obvious reasons present and future feel that this is something that Scott will want to do. He is relatively flexible time wise so should be able to accommodate Scott's schedule. Please call with any questions. Thanks as always. Regards.
