Mr. DeWitt Huffman
Industrial Hygiene Engineer
The Industrial Commission of Ohio
Columbus 12, Ohio

Dear DeWitt:

I do not believe I have sufficient 35 mm slides on plants in Ohio to make it worthwhile to bring a projector. However, I do have some black and white prints of at least one plant and if we could get together we could discuss each plant in the State and the equipment which would be of interest to you.

Have a reservation at the Carrousel Motel on the north side of Cincinnati for the nights of December 12 and 13 and suggest you contact me there or leave word where I can reach you if you are in the Cincinnati area.

Will be looking forward to either hearing from you or having the opportunity of seeing you again. I am certain I can describe the Ohio installations sufficiently well so you can decide which ones you would like photographed.

Best regards,

Ken

Mr. K. E. Robinson
Ventilation Engineer
Industrial Hygiene Department
General Motors Corp.
12 Mile and Mound Roads
Warren, Michigan

Dear friend Ken:

Since I last wrote you, I have got much work to do all over the state of Ohio, and I won't be able to get down to Cincinnati to meet you on the nights of December 12 and 13. I will be in Ashtabula at that time.

Incidentially, a ventilation problem on EDI at your Inland plant is going to be referred to me. I may have occasion to contact you or Cas on this problem. Thanks for your cooperation.

Sincerely,

DeWitt Hoffman
Industrial Hygiene Engineer
