Subject: SO 3349 effort

Hi all,

could you please include Gordon on the team that is looking at revisions to any GRSG IMs - i believe that includes O&G prioritization and adaptive mgmt. Gordon will loop in 200 staff as needed.

Also, we discussed at the 200/300/400 AD meeting last week how to move forward on the planning side - we had suggested at that meeting (b) (5) I think it would be best to do a follow up meeting with Steve & Serena to determine a path forward on that topic.

Are there any others that you need 200 support for?

thanks
karen

Thomas - could you print out a copy of the WOO200 assignment tracker so that Steve and Karen have that as a reference for this meeting?
Steve, Karen - please ask about the status of the SO3349 response from the Dep Sec. At the end of this week it will be 60 days since the order, leaving us only 30 days to address that feedback. Also may need to ask if we can get the decision review IM signed. -K

I haven't seen this meeting get scheduled yet -- but would like us to start pulling together some items. For climate change and mitigation, I'm thinking that we'll want to outline a set of policy options and their pros/cons and, if possible, provide a recommendation. (b) (5)
