Dear Mr. Shaneberger:

International Chemical Workers Union, Local 12, in order that we may carry out our collective bargaining responsibility, request the following:

1. A list of all persons that worked in Dept. 236, 237 and 239 also Dept. 262 and 268 in the former North Area. *Chlorophenols* *SANITIZATION* *2-4D* *2,4,5-T ESTERS* *BWTA*
2. A copy of soil sample analyses that were taken recently.
3. That samples be taken at/or around Dept. 237, 239 and the former incinerator dept. with the results available to us.
4. Test be taken in and around equipment in Dept. 237 and 239 with results available to us before dismantling of equipment.
5. Appropriate testing of persons that are working or have worked in Dept. 237 and 239. Tests should show any symptoms that can be caused by chlorophenols.
6. A joint letter be issued to Dr. Raymond Suskind demanding a report on the results of his testing in 1979.

Sincerely,

Edward D. McCormick
