Brian,

Good to hear from you. We'd be happy to do a call like this. Admittedly schedules are pretty crazy but we can definitely find a time in the next few weeks. I am copying in Tate Bennett in our Congressional and Intergovernmental Affairs office and Brittany Bolen, Deputy Associate Administrator for Policy - we'd be happy to speak on a call.

Samantha - Good morning. We were discussing yesterday the opportunity for our state energy policy advisors to have a telephone conference with you or someone from your shop to hear an overview of the top line actions the EPA is taking (or any other matters you deem relevant). Would you be open to thinking about something over the next couple of weeks? Perhaps 30 minutes? Thanks - Brian

Staff confirmed that this time works for them. We can meet in Troy's office instead of the conference room. Thanks.

Today does not work for HOGGR staff, so I'm checking to see if this can work for you. Please let me know ASAP.

Thanks!

If this time can work for everyone, I'd like to offer this time to HOCR staff for a conference call to discuss the new Chairman Chaffetz letter (attached). Our goal would be to see what information/ documents they still want from EPA.

Please let me know, as soon as possible, if this time can work for you.

Thanks.

Subject oversight request regarding our document production process

Show Time As Tentative

The House Committee on Oversight and Government Reform reiterated its interest in receiving additional information about EPA’s document collection and production process pursuant to a request first expressed in the attached letter from last year.

As you’ll recall, Rebecca provided the committee staff with a briefing about our process. The staff has now requested more details about our procedures, and possibly a demonstration of how we actually collect, review, and produce documents. We need to discuss how best to respond to this renewed request.

Committee staff also asked whether there is a way that we could respond to document requests in a way that would be more in line with what they ask for in second attached document. As you are aware, we currently produce documents in PDF format.

This is the first time that looks available on calendars, so I hope this can work. Thanks.

Subject: Cookies!

Somehow, we managed to let (b) (6) birthday pass by without recognition. To make up for it, please come down to the Deputy’s office at 12:30 today to sing the birthday song for the sake of (b) (6) embarrassment, and let’s all eat a cookie together.

AND Shhhhhhhh! Keep it quiet. He told me he didn’t want me to do anything, but I know he was lying.

PS: Please forward if you see someone’s name missing.

Hi all – Before Tom and I convene meetings with program offices to discuss the attached two letters (one on the Administrator’s email/recordkeeping and another on HR 1430), we’d like to meet in a smaller group to discuss general strategy. We do not want program office folks taking time on a response if we can use language from other recent responses and public statements.

Please let me know if you’d like to call in and I’ll set up a number.

Thanks,

Kyle

Please let me know if you need anything in preparation for this meeting.

Hi Everyone –

As you know, the Public Affairs Directors (PADs) and Regional Congressional and Intergovernmental Liaisons (RCLs) National Meeting is next week: Tuesday, May 9th through Thursday, May 11th. We are excited to host everyone in headquarters. This is a great opportunity to meet our new leadership and to gain a better understanding of the upcoming priorities for media, public engagement, and congressional and intergovernmental relations. Over the course of the three day meeting, we hope to have robust conversations with all of you. As the

key communicators of our Agency, there will be many discussions on topics related to both the Office of Public Affairs and the Office of Congressional and Intergovernmental Relations, including strategic communications planning, internal communications, response and crisis communication, and the legislative outlook. See the draft agenda <(b) (6)> > for the full list of agenda topics. Please plan to attend the meeting to learn how we can better coordinate as partners serving in our roles as the principle point of contact with the our external partners, media, public, congress, states, tribes, and local governments on protecting human health and the environment.

If you have any questions in advance of the meeting please do not hesitate to contact Stephanie Vuong, Melissa Saddler, Nancy or me.

Thank you, Robin

Hi Everyone –

As you know, the Public Affairs Directors (PADs) and Regional Congressional and Intergovernmental Liaisons (RCLs) National Meeting is next week: Tuesday, May 9th through Thursday, May 11th. We are excited to host everyone in headquarters. This is a great opportunity to meet our new leadership and to gain a better understating of the upcoming priorities for media, public engagement, and congressional and intergovernmental relations. Over the course of the three day meeting, we hope to have robust conversations with all of you. As the key communicators of our Agency, there will be many discussions on topics related to both the Office of Public Affairs and the Office of Congressional and Intergovernmental Relations, including strategic communications planning, internal communications, response and crisis communication, and the legislative outlook. See the draft agenda

<(b) (6)>

> for the full list of agenda topics. Please plan to attend the meeting to learn how we can better coordinate as partners serving in our roles as the principle point of contact with the our external partners, media, public, congress, states, tribes, and local governments on protecting human health and the environment.

If you have any questions in advance of the meeting please do not hesitate to contact Stephanie Vuong, Melissa Saddler, Nancy or me.

Thank you, Robin

230 works, thanks.

Hi everyone,

Looping in Dalton Marshall's LD. Just spoke with him. He said he has a
2p.m. tomorrow so wanted to see if 2:30p.m. tomorrow works instead?

He said if it doesn't, he will try to move his 2p.m.

I also created a conference call # to make things easier.

The dial-in number is (b) (6). Access code is (b) (6)

Let us know if 2:30p.m. works Aaron if you would. Look forward to
chatting with everyone tomorrow.

Sincerely,

Jeff Small

Hi Everyone –

As you know, the Public Affairs Directors (PADs) and Regional Congressional and Intergovernmental Liaisons (RCLs) National Meeting is next week: Tuesday, May 9th through Thursday, May 11th. We are excited to host everyone in headquarters. This is a great opportunity to meet our new leadership and to gain a better understating of the upcoming priorities for media, public engagement, and congressional and intergovernmental relations. Over the course of the three day meeting, we hope to have robust conversations with all of you. As the key communicators of our Agency, there will be many discussions on topics related to both the Office of Public Affairs and the Office of Congressional and Intergovernmental Relations, including strategic communications planning, internal communications, response and crisis communication, and the legislative outlook. See the draft agenda

<(b) (6)

> for the full list of agenda topics. Please plan to attend the meeting to learn how we can better coordinate as partners serving in our roles as the principle point of contact with the our external partners, media, public, congress, states, tribes, and local governments on protecting human health and the environment.

If you have any questions in advance of the meeting please do not hesitate to contact Stephanie Vuong, Melissa Saddler, Nancy or me.

Thank you, Robin

Subject August Recess Travel Planning Discussion

Location DCRoomARN3528/OCIR

Show Time As Busy

The August recess will be here before we know it and hill schedulers are already starting to lock in dates for their members recess plans. I am going to pull all of the requests we have from MOC's and Govs to see which events we could/should do and build programs around those events.

Also, we should think about events that allow the Administrator to highlight his/POTUS' accomplishments.

The purpose of this meeting is to start to build out the framework for a robust August travel scheduler.

Subject Meet and Greet w/LGAC Member Mayor Johnny DuPree

Show Time As Tentative

This meeting is an informal meet and greet with LGAC Member (and SCAS Vice-Chair) Mayor Johnny DuPree. The meeting will be in the Bay area of the Immediate Office.

Note: Mayor DuPree is in D.C. to testify on water infrastructure and integrated planning before the House Transportation Committee.

Biography:

The Honorable Johnny DuPree, Ph.D.

Mayor, Hattiesburg, MS (Elected-D)

Hattiesburg, MS

Population: 47,169

Nominated by: Region 4 and supported by OECA

Johnny DuPree was elected in 2001 as the first African-American mayor of Hattiesburg after winning 53% of the vote. DuPree has championed locally owned small business while also being active in industrial recruitment. Despite damage to the city resulting from Hurricane Katrina <http://en.wikipedia.org/wiki/Hurricane_Katrina> and a global recession, the health of Hattiesburg's small businesses remained steady during DuPree's tenure as mayor. Mayor DuPree has provided leadership to his city which ranked 68th among 313 metropolitan areas in the United States for "economic strength" and sustainable development. He has championed green approaches to promote a clean and safe environment providing well maintained cycling trails and amenities. The Longleaf Trace is rated one of the top trails in the nation. The trail runs through piney woods, wetlands and small towns throughout Southeast Mississippi. He has also provided leadership for his city to develop a comprehensive plan, the Twin Forks Rising Master Plan which sets forth the foundation for livability and sustainability. He has served on EPA's National Environmental Justice Council and served very actively to provide recommendations on Katrina redevelopment. He has B.S. and M.S. in political science from University of Southern Mississippi and a doctorate in education from Jackson State University. Mayor DuPree serves as the Vice-chair of the SCAS.

Hey Quinn – I apologize but we are going to have to push this until tomorrow as both Tate and Sarah’s schedules got backed up this morning. To play it on the safe side would you be able to do tomorrow (Friday) afternoon say 3:30 or 4:00 ET? We shouldn’t run into any issues then.

Hey Alex!

Quinn Williams is the GC with WI DEQ and has an issue with Region 5 and Vegetation Treatment Areas (VTA's) on livestock facilities. I shared this with Sarah earlier, and she said you might be able to find a time for us three (whatever works for Sarah's calendar) to give him a call?

The best number is 608-266-1318 and I have cc'd Quinn to this email.

Quinn, are you relatively flexible this week?

Good morning, Ken -

Below is an invitation from Idaho for a meeting on June 5 to get folks together to discuss how to handle produced water from ONG operations in Idaho. Not sure if you've talked with Idaho folks about this? The company, Alta Mesa, approached Governor Otter with a question about what needed to happen for them to operate, and the Governor's office, in turn, reached out to Tate. R10 has been working w Idaho Dept of Lands and their Water Board on this issue for a while but the ball's in ID's court to let EPA know how they want to proceed so we can help them

figure out how to get there.

I think you'll be out on the 5th but just an FYI. Tate and I can fill you in when you return!

Thanks,
Andrea

Phone: (b) (6)

Passcode: (b) (6)

For Tate's benefit, I have included a Board Member List so she will know

which states/interstates are on the phone.

Substantively, I think we are pretty plugged in on what is going on with the Steam Electric Rule, the Waters of the US Rule, etc. but if there are things coming down the pipeline she thinks we need to be ready for, we would be very interested in hearing about them. I think our folks would be most interested in a short discussion on how the administration views the state/federal partnership, plans for how we can work closer/better going forward, and perhaps how best states can communicate to the new administration the importance of federal investment in the federal CWA programs.

I wanted to see if you or one of your colleagues could join the ACWA Board of Directors on June 7, 2017 during their next Board of Directors meeting. It would be great if you could introduce yourself and provide a few remarks on how EPA plans on engaging with the state water quality programs during this administration. I am sure my Board members would also appreciate having the ability to ask you a question or two after your remarks.

We have a Board of Directors meeting scheduled from 1-4 PM on the 7th and can accommodate your schedule—we will just slide you into the agenda during a time that works for you.

Please let me know if this is something that you think you or one of your colleagues could participate in and what time would work best for you.

Thanks and feel free to reach out with any questions.

Subject: RE: next steps for VTA discussion

Quinn: Thank you for forwarding and I apologize my schedule has prevented me from attending the last couple of sessions. We were aware of this letter from Ms. Hyde because Pam and MaryAnne cited it to us-- as well as EPA's February 19, 2016 report of the results of the third state enforcement review-- when we first met last Spring to discuss these issues as a basis for the Department's state-wide pronouncements and actions concerning VTAs and calf hutches. I'd ask you to consider the following about those EPA documents as relates to Wisconsin's position and response:

The EPA Documents concern conditions observed at 8 CAFOs in Wisconsin. We have nearly 300 Large CAFOs I believe, meaning the "sample size" was about 0.03%. It was on this sample size that Ms. Hyde's letter is based when she communicates that EPA has "concerns" about whether the effluent limitations for both the federal and state program are being met statewide. However, USEPA's February 2016 report summary simply concludes that there is the "potential for discharge" in the report entries summarized concerning manure storage, feed storage, VTA's, feed lot areas and calf hutch areas:

Category

Findings

Stacking Areas of Manure, bagged feed, used bedding and feed.

5 of 6 facilities were found to be stacking used bedding and/or feed in unsuitable areas with the potential for runoff into a waterway.

Feed Storage Areas

7 out of 8 facilities had the potential for unauthorized discharges either from no containment, improperly designed, and/or improperly managed feed storage structures.

Vegetated Treatment Areas

4 out of the 6 facilities had unauthorized discharges from the VTA.

Feed Lot Areas

2 out of the 2 had problems with inadequate or no containment for their feedlot runoff. This runoff had the potential to discharge to surface waters.

Calf Hutch Areas

3 out of 3 had problems with runoff from calf hutch areas that had the potential to discharge to surface waters.

Note with respect to VTAs the report notes “unauthorized discharges” from the production area but does not mention “...to navigable surface waters.” All other entries simply mention a “potential” to discharge. Further to that, under the “next steps” column in the summary report, USEPA writes:

WDNR is transitioning from focusing on manure and process wastewater management and storage at the production site to placing additional emphasis on management of all wastestreams that have potential to discharge including production area storm water runoff, feed storage areas, calf hutch area, and vegetated treatment areas.

It is ironic that USEPA would focus on areas of “potential” discharge in Wisconsin when its own effluent guideline and permitting authority only applies to Large CAFOs that have an actual discharge to navigable surface waters. See, *Waterkeeper Alliance, Inc. et al v. EPA*, 399 F.3d 486(2d Cir. 2005). WDNR should point out to USEPA that its permitting program is more expansive than USEPA’s, since Wisconsin Large CAFOs do not enjoy the option of self-determining that they are a “no-discharge CAFO” and hence do not need a permit and since Wisconsin’s program also requires groundwater protection. It seems to us inappropriate and a federal overreach for USEPA to suggest that a properly promulgated and incorporated technical design standard “does not ensure the required level of performance is being achieved” statewide when USEPA’s own reports suggest only “potential discharges” that would not themselves

trigger a permitting requirement under the federal program.

Thank you.

ALERT: The Jeffersonville local officials are stuck in Louisville due to a plane malfunction (American Airlines). They must cancel for today, and will work with us to meet on their next visit to DC. I will keep you all posted about when they are next in. The city's rep, on behalf of Jefferson, expressed deep appreciation for the forum we were providing today and the city's team viewed this as a wonderful opportunity.

Thanks to all of you for the prep and everything leading up to the meeting. If there are conference calls needed before the locals can get back to DC, I will work with all of you as I coordinate.

(b) (6) (b) (6) (Room Update)

Meeting: Jeffersonville, Indiana (population: 44,953): Concerns with Terms of Consent Decree, Affordability and Long Term Control Plan (LTCP) Requirements

Scope: We will hear the City's Concerns about burdens to the community posed by CD and LTCP requirements that have required rate increases; possible request to "re-open" the CD or at minimum try to "negotiate" new terms. -Any Dialogue/Discussion should be structured under OECA, OGC, Region V, OW, and DOJ Guidance. DOJ will join the meeting since the city has suggested re-opening the Consent Decree. Also, I will be

sending the city's invitation (Gary Baise, DC Rep), as well as one to Rich Anderson, US Conference of Mayors – Mayors Water Council – under separate cover.

Expected Attendees from Jeffersonville, IN: Len A. Shack, Director, Wastewater Department; Michael Gillen, Water-Sewer Board; possibly Mayor Mike Moore

FYI: As you know, on yesterday, the City's DC Rep, Gary Baise (OFW Law) dropped by briefly to meet with DAA for Intergovernmental Relations Layne Bangerter. My State and Local colleague Andrew Hanson and I sat in to hear a bit about the community's concerns. The rep mentioned that the city would like for Rich Anderson, USCM's Mayors Water Council, to join our meeting on June 15th.

Attached: Recent Correspondence from the City's Wastewater Director to Region 5 (John "Jack" J. Bajor, Jr., Enforcement Officer); Leigh Voss, Chief, Municipal Permits Section, Office of Water Quality, IDEM. Subject: City of Jeffersonville Capability Assessment Update and Request for Consultation Regarding Proposed Modification of the Long Term Control Plan. Consent Decree #4;09-CV-0125DFH-WGH

Lead EPA Offices: OECA; OW; OGC; Region V; OCIR. -Alert: I'd like to convene a pre-brief ahead of this meeting; will notify you all for possibly Monday of next week. Thanks!

Meeting: City of Newton, North Carolina(population: 10,000): Mayor Anne Stedman; City Manager Todd Clark; accompanying: Leslie C. Mzingo, Strategics Consulting (DC rep-copied above)

Re: Main Street Revitalization and Infrastructure Project: Water, Sewer and Stormwater Rehabilitation. Despite many challenges, including devastating job losses, population decline, and economic depression, the city of Newton welcomes the completion of NC Highway 16 and the potential to reduce travel time between Newton and Charlotte as a catalyst for substantial economic revitalization for this small community. As the city anticipates growth, officials are concerned that adequate

resources and infrastructure must be in place to spur on revitalization. They are exploring federal partnerships to help the City prepare for pending economic opportunities. These resources and partnerships include EPA programs to support water infrastructure and stormwater management. Also so interest will be programs to support efforts to promote sustainable communities.

Pool Cover Industry Stakeholders

Mimi,
Thank you for the introduction.

Daris, good to meet you.

I represent a coalition of US domestic manufacturers in the swimming pool industry. Specifically, the custom manufacturer of swimming pool covers.

One of the larger firms is based in Westfield, Indiana.

This coalition has been engaged with the EPA for several years on a consumer awareness strategy regarding water conservation.

Wanted to approach your office on the idea of a public private partnership with the EPA and the cover manufacturers.

The group will be coming to D.C. On June 20-21.

I can get you more specific info under a separate cover.

Reason for the request is that the current, career staff at the EPA have had difficulty conceptualizing the idea of a P3 approach.

Wanted to see, given the Indiana angle, if your office could provide some support for the concept.

Let me know if I can provide further info and thank you in advance for your consideration.

Morning Amy,

It looks like Wednesday, June 21 at 2:00 will work best. Let me know if that works on your end and I will confirm. Will it be just Bob or will others be attending as well? If so, I will need all attendees full names to send to security. Additionally, if you could give a brief overview of the topics to be discussed and send over any materials that we should review beforehand that would be great. Any questions just let me know.

Best,

Alex Dominguez

Hi Amy - I was informed this was going to be a face to face as Bob would be in DC the 21/22. If this is incorrect not a problem and we can do it over the phone.

Re: USCM's 85th Annual Meeting/Miami Beach, FL/June 23 – 26, 2017

EPA Engagement Meeting-Friday, June 23: OCIR DAA Tate Bennett will meet with a group of 10 – 15 mayors for Engagement, Updates, Dialogue. This is a 2 part hour: Part 1: WOTUS Updates (2:30 – 3:00 pm); Part 2: Superfund Updates (3:00 – 3:30 pm). Tate will provide updates on EPA's latest actions in both of these priority areas. She will hear feedback from the mayors on how they believe they can best engage and partner with EPA, and what EPA's actions mean for their communities.

The audience for Part I (WOTUS) will likely comprise Mayors who serve on the Mayors Water Council (Co-Chairs, Mayors Joy Cooper, Hallandale Beach, FL, and Joy Techel, Napa, CA). For Part 2 (Superfund Updates), mayors who serve on the Environment Committee are expected (Chair, Mayor Greg Stanton, Phoenix, AZ; Vice Chair, Mayor Bryan K. Barnett, Rochester Hills, MI). However, mayors outside of these committees will also be invited. Will share a list once confirmed.

Hi,

We are located in the Orville Freeman Building 625 Robert St N, St. Paul, MN 55155. Public parking is directly across from our office (pay lot). Once you enter the building let the front desk know you are here to see Deputy Commissioner Wohlman and they will then give you a visitor badge and direct you to the 5th floor. Once you exit the elevator turn left and another left...one of the assistant staff will bring you to the conference room.

I'm more than happy to assist you with anything you need, please feel

free to contact me at 651-201-6657.

I look forward to meeting Mr. Wagner.

Subject: Request to meet with Deputy Commissioner Matt Wohlman

Sabrenia,

Thank you for helping me block off some time on such short notice.

In an effort to increase the Environmental Protection Agency's (EPA) outreach to the state agriculture commissioners, Ken Wagner, Senior Advisor to the EPA Administrator on State and Regional Affairs, would like to meet with Deputy Commissioner Matt Wohlman. This is a high

priority for the Administration because there is a natural nexus between the work the EPA does and the work of the Commissioners. Ken would like to use the time with the Deputy Commissioner to talk about cooperative federalism and partnerships, EPA's Waters of the US rule, water quality issues, leveraging EPA and USDA resources to benefit the environment and food production, and anything else the Deputy Commissioner would like to discuss.

Would you please send me the address, room number, a contact number, and any other pertinent logistical information Ken should be aware of before his meeting?

Again, thanks again for your help. Please feel free to contact me if you have any questions.

Thank you,

Chad Nitsch

It would be great to get on the phone this week to fill you in on the NEPA Issue. I have Cced Matt Knoedler on this email he will be the one setting up the conference call. Friday looks to be a good day for us. Will that work for you? Just to let you know it is actually the FAA who is requiring another study and we have also had a conversation with Michael Britt, chief of staff to Secretary Chao about the issue.

 Tate,

Below is the scheduler for June 29, for a conference call of the full Local Government Advisory Committee. It would be ideal if the Administrator could get on this call for a 10 minutes to address the LGAC and thank them for their work. For a number of members, this will be their last official LGAC meeting.

Best,

Jack

My name is Tas Smith, and I oversee federal policy for the Georgia Farm Bureau in Macon, GA.

Georgia Farm Bureau has been one of the strongest proponents of repealing of the Waters of the U.S. rule. We are grateful for the work being done by Administrator Pruitt to bring our regulatory framework in line with statutory intent.

Our President Gerald Long will be in Washington on Tuesday, July 11th and would like to schedule a meeting if you are available.

Mr. Long would like to discuss WOTUS repeal as well as the goals of EPA in getting a new rule in place.

I appreciate your consideration.

If I can answer any questions or provide additional information, please let me know.

See Updates below with additional information on the scope of what we will discuss with Mayor Gray and his team.

UPDATE FROM LEXINGTON

Town Branch Project

Lexington-Fayette Unified County Government (LFUCG) has had tremendous success in securing low-interest loans through the Clean Water State Revolving Fund program administered by the Kentucky Infrastructure Authority -- it has funded some of the largest capital projects under the consent decree.

Brownfield

LFUCG was awarded and accepted a \$200,000 US EPA Brownfield Cleanup Grant requiring a 20% matching funds of \$40,000 to remediate environmental hazards identified at the Historic Fayette County Courthouse, including lead-based paint, mold, asbestos and guano (bird/bat droppings).

Consent Decree

LFUCG is on schedule and under budget by \$80.2M (to date) in meeting the obligations under the \$590,369,000 EPA Consent Decree. Several projects on the horizon are anticipated to reduce the cost savings (e.g., Town Branch Digesters, several urban pipeline projects).

DISCUSSION QUESTIONS FOR EPA

LFUCG would like the ability to deliver smaller projects at the local level with federal funding and through the loan programs (minimum funding requests under WIFIA are not viable for LFUCG). How do we accomplish this?

LFUCG would like improved communication from the local level to the state level to federal officials for expedited decision making in order to expedite project delivery. Can you help?

What new rules or regulatory changes can municipal governments expect from the agency in the coming year?

What is the future of 319(h) grant funding (nonpoint source management program)?

 This calendar hold is for OCIR folks (& Ken) only – meeting details and (additional invitees) forthcoming.

Purpose: Each year, ECOS members convene in Washington, DC for their annual day-long STEP meeting. This year, the ECOS STEP meeting will be held on July 17. Show Time As Busy
 Hi everyone –

An important part of the FY 2019 budget development process is the Senior Leadership Council meeting. This meeting brings together all the senior leadership, HQ and the regions, to discuss agency priorities and resource needs in order to inform decisions for the FY 2019 Budget due to OMB in mid-September. Given there are many people new to this effort, Tuesday afternoon is dedicated to hearing from the program teams to establish a common understanding before launching into Wednesday's planning and resource discussions. Wednesday's sessions begin by setting the stage with presentations and discussions on key building blocks for the FY 2019 budget followed by small group and full group discussions to identify programmatic options for consideration in the FY 2019 OMB Submission. On Thursday, updates are proposed on the First Line Supervisor Advisory Group efforts and Executive Order implementation.

An agenda with more details will follow shortly and be included in the meeting invitation. You should receive an invitation for each day since the times vary. In addition, invitations to the +1s for Wednesday, 7/19, will be sent separately.

If you have any questions please do not hesitate to reach out to Mike Flynn or me.

Thank you, Robin

Subject Senior Leadership Council Meeting - Day 2
Location WJC-N 3rd Floor, The Green Room
Show Time As Busy
 Hi everyone –

An important part of the FY 2019 budget development process is the Senior Leadership Council meeting. This meeting brings together all the senior leadership, HQ and the regions, to discuss agency priorities and resource needs in order to inform decisions for the FY 2019 Budget due to OMB in mid-September. Given there are many people new to this effort, Tuesday afternoon is dedicated to hearing from the program teams to establish a common understanding before launching into Wednesday's planning and resource discussions. Wednesday's sessions

begin by setting the stage with presentations and discussions on key building blocks for the FY 2019 budget followed by small group and full group discussions to identify programmatic options for consideration in the FY 2019 OMB Submission. On Thursday, updates are proposed on the First Line Supervisor Advisory Group efforts and Executive Order implementation.

An agenda with more details will follow shortly and be included in the meeting invitation. You should receive an invitation for each day since the times vary. In addition, invitations to the +1s for Wednesday, 7/19, will be sent separately.

If you have any questions please do not hesitate to reach out to Mike Flynn or me.

Thank you, Robin

Dicamba EPA Call.pdf

Show Time As Busy
Background

Since June 2017, the EPA has been receiving reports regarding a high number of crop damage incidents involving the active ingredient dicamba. The number of complaints is especially high in Arkansas, Illinois, Missouri, Mississippi, and Tennessee. Recently, a number of other states are reporting complaints including more northern states.

New formulations of dicamba were registered by the Agency for use on dicamba-tolerant cotton and soybeans late in 2016 (Monsanto's DGA in November and BASFs BAPMA in December). EPA appreciates the opportunity to discuss these cases of crop damage more fully and better understand the underlying science and leading factors contributing to the crop damage.

Dicamba: Discussion with State Extension Representatives

July 28, 2017

Agenda

I. Meeting Introductions OPP & USDA

II. Meeting Format (RD) Kenny/Baris

III. Mapping of incidents/damage overview (Bradley)

IV. Extension's Input on Dicamba Incidents (30-40 min) EPA is soliciting feedback from extension agents focusing on information that could help remedy the unacceptable dicamba incidents in the field. We would like to hear from each of the extension experts with their insights related especially to the following:

1. Based on information available to you, so far, what would you describe as the leading causes of crop damage incidents in your state?
2. What are you seeing out in the field that led you to that conclusion? Are you working on any additional data that is relevant to the issues? Are you able to share any of this information with the EPA?

3. Based on the leading causes, what approaches would you recommend to fix the problem?

Arkansas (Norsworthy, Barber, and Scott)

Georgia (Culpepper and Prostko)

Illinois (Hager)

Indiana (Johnson and Young)

Iowa (Hartzler and Owen)

Kansas (Peterson)

Kentucky (Barrett)

Mississippi (Bond)

Missouri (Bradley)

Ohio (Loux)

Tennessee (Steckel and Mueller)

V. Volatility Data/Discussion (Bradley) (20-30 min)

VI. Additional Discussion and Questions (time permitting)

VII. Closing Remarks/next steps

Subject Biological opinion update

Location 726 Jackson Place, the White House Conference Center

Show Time As Busy

Due to the expected turnout, we will be moving the meeting to the Lincoln Room at the White House Conference Center. The White House Conference Center is located at 726 Jackson Place, right next to CEQ, and does not require any preclearance. You will need to bring your ID. We will have a staffer bouncing between the Lincoln Room and the entrance to the White House Conference Center to try to make sure everyone gets in without incident.

For those of you who cannot attend the meeting in person, below are all the conference line details:

Participant Dial-In: (b) (6)

Participant Code: (b) (6)

Thank you for working with us and I look forward to seeing everyone tomorrow. My direct line is 202 456 4314 - please don't hesitate to call.
Chris

Feel free to forward to others in your offices.

I will update the invite with call-in information sometime next week. In the meantime, feel free to call me at 202 456 4314 if anything comes up.

Below is my original invite:

Hey everyone,

If I don't already know you, my name is Chris Prandoni and I am the Associate Director for Natural Resources over here at CEQ. Included on this email are EPA, FWS, Commerce, and USDA representatives. Since there are a lot of new faces in town, myself included, I have spoken to either you or someone else at your agency about the desire for the Services to update the rest of the federal family on the biological opinions for chlorpyrifos, malathion, and diazinon.

The idea would be for FWS and NMFS to take about 20 minutes each to explain the status of their opinions and then open it up for questions. I know this is a quick turnaround, but ideally we could all get together at CEQ's office in Jackson Place 730 next Tuesday (7/25) or Wednesday (7/26). If you are unsure about whom within your agency to invite to this meeting, there should be someone from your agency copied on this

email who can help you identify the correct people to coordinate with.

Since there are a lot of moving parts, whenever an agency identifies a window that works for their team, feel free to propose that time or window to the group. Of course feel free to call me with any questions you may have. My direct is 202 456 4314.

Thank you very much; look forward to working with all of you.

Chris

Subject Meeting: Jeffersonville, IN Local Officials: Re: LTCP and Consent Decree Requirements

Location HQ-Room-WJCN-4530-50pp (b) (6) (b) (6) ;

Show Time As Tentative

(b) (6) /Code: (b) (6) /Rescheduled from June 15 Meeting: City of Jeffersonville, IN Local Officials: Len Ashack, Director, Wastewater Department; Dale Orem, Vice President, Sanitary Sewer Board; (Accompanying: Gary Baise – DC Rep – allcopied above)

Meeting Scope: To discuss the city's concerns about water infrastructure challenges, including the community's ability to finance Long Term Control Plan (LTCP) and Consent Decree requirements. The local officials want to discuss their views that their residents face significant burdens as the city attempts to comply with Clean Water Act requirements that have translated into increased sewer rates.

Len Ashack, Director of the City's Wastewater Department, and who will attend the June meeting, wrote to Region V and the Indiana Department of Environmental Management (IDEM) on May 24th to share the City's Financial Capability Assessment update, and to request a modification of the LTCP. The letter points out, among other concerns, that Jeffersonville's sewer rates are currently among the highest in the State. Residential customers comprise nearly 93% of all users, and many of these residents have incomes below the City's average Medium Household Income (MHI). According to city officials, The LTCP's affordability has worsened severely since it was approved in 2011 due to restraints on the City's bonding capacity and property tax levies, new regulatory requirements, and increased O&M costs, along with completion of a repair and replacement analysis.

Meeting Participants: EPA; DOJ; Region V

On the call:

Stephanie Groen - Director of State-Federal Relations. Office of the Governor, State of Iowa

Devin Mogler – Legislative Assistant. Senator Joni Ernst

Corn Oil One. Will most likely include:

Robert G. Riley, Jr Corn Oil One

Joseph P. Riley Corn Oil One

Joshua Andrews – FaegreBD – corporate lawyer

Ken Markowitz – Akin Gump

Hey Tate,

I hope all of your trips in August have been going well!

I wanted to loop back with you on Corn Oil 1 after our conversation in Iowa. Could you help schedule a phone call between Corn Oil 1 and Mandy for sometime next week? Devin and I would like to be on the call as well.

Corn Oil 1 is still not understanding why they are being placed in the bio-intermediary category. It'd be helpful from my end if Mandy (or whoever is the correct person) could loop Devin and I in on the reasoning for labeling them as such before the call.

Thank you SO much for all of your help on this!

Best,

Stephanie

Subject: August 30 White House Infrastructure Event Invitation for State and Local Leaders
Importance: High

Good Morning State Agriculture Directors/Secretaries/Commissioners,

On behalf of the White House Office of Intergovernmental Affairs, this email serves as an invitation for you to attend our upcoming event, the White House Conversation on Infrastructure: Empowering State and Local Leaders on Wednesday, August 30th from 2:00pm – 5:30pm.

Invitees include a mix of state and local leaders (State Econ. Dev. Directors, State DOT Directors, State Ag. Directors, State DNR Directors, State Budget Directors, County Commissioners, Mayors, and Tribal Leaders). Over the last several months, Federal leaders have hosted several conference calls and in-person meetings with state, local, and tribal leaders to gain perspective and input on infrastructure challenges and opportunities. We have incorporated that input into action and leveraged it to help shape our guiding principles.

The purpose of this event will be to underscore the need for a different approach, outline our draft guiding principles, and allow you all to brainstorm actions to help carry this conversation on the need for change and the opportunity to empower state and local leaders back to your states and communities.

Participants will take part in a discussion with members of the President's National Economic Council (NEC), Special Assistant to the President for Infrastructure, D.J. Gribbin, along with special guests including Senior White House Staff and Cabinet Members (Secretary Elaine Chao and Director Mick Mulvaney).

To add further value to your trip to Washington, we will also be hosting an informal discussion (in addition to below forum agenda) with Ray Starling, Special Assistant to the President for Agriculture, Trade and Food Assistance and representatives from USDA and a few folks from USDA before the formal programming starts from 1:00 to 1:50 pm EDT. This informal discussion will provide attendees to discuss non-infrastructure priorities with members of the Trump Administration. The location for this general agriculture discussion will be the Eisenhower Executive Office Building, Room 472.

To add further value to your trip to Washington, please let us know if there are any ancillary meetings that we could work with you to arrange. If you have any questions, please contact either one of us or Chris Gray at (b) (6).

We look forward to you joining us!

Show Time As Free

I hope all is well! I am writing to extend an invitation to attend and participate in the Association of Air Pollution Control Agencies' 2017 Fall Meeting <http://www.csg.org/aapca_site/events/meetings.asp> , to be held September 20 - 22, 2017 in Raleigh, North Carolina. AAPCA is a consensus-driven organization representing state and local air agencies on technical Clean Air Act issues, and attached is a more detailed invitation from Sean Alteri, AAPCA's 2017 President and Director of the Kentucky Division for Air Quality.

If you, Ken, or Troy would be interested/available for a brief presentation, our members would be especially interested in hearing more about U.S. EPA intergovernmental and regional outreach activities and opportunities for state and local agencies to collaborate with OCIR and the Administrator's Office. We are targeting the morning or afternoon of Thursday, September 21 (open session) or a session limited to local, state, and federal personnel on the morning of September 22. The meeting is closed to the press. We expect strong participation from senior officials representing more than 20 state and local air agencies as well as U.S. EPA. The meeting will be held at the Doubletree by Hilton Hotel - Brownstone - University <http://doubletree.hilton.com/en/dt/groups/personalized/R/RDUDNDT-AAP-20170919/index.html?WT.mc_id=POG> (1707 Hillsborough Street, Raleigh, North Carolina 27605)

Please let me know if you have any questions or if there is anything I can do to help facilitate this request.

Thanks so much for your consideration.

Subject Tri-State Generation and Transmission

Location 3528 WJCN

Show Time As Tentative

I am writing on behalf of Tri-State Generation and Transmission to request a meeting with Mandy Gunasekara. If possible, we would like to meet with her on Thursday or Friday of next week, the 28th or 29th. We are available any time on the 28th or 29th except 1:00 – 2:30 on

Thursday. If you have any flexibility, Thursday morning or Friday after 10 a.m. would be ideal, but we will make ourselves available any time that works for Ms. Gunasekara. The purpose would be to talk about the proposed Holcomb 2 power plant in Kansas, a new 895 MW coal-fired unit that Tri-State and Sunflower (another rural coop) have been developing for many years. Tri-State is the lead developer and owns 7/9ths of the project.

Just a few weeks ago, after 11 years of permitting and litigation, the Kansas Supreme Court upheld the PSD permit for Holcomb 2, and we now have all the government approvals needed to proceed with construction. Given the time needed to permit any coal-fired plant, we believe that Holcomb 2 is probably the only coal-fired plant that can be constructed in the U.S. in the next 5 years.

Along with me, the only person attending the meeting on behalf of Tri-State would be Barbara Walz, the Senior VP for Policy and Compliance at Tri-State.

Please let me know if you have any questions.

Thanks,

Jeff Holmstead

Tate & Alex,

Thank you so much for your kind attention to this very pressing matter for the California Wine Industry.

As discussed, we have attached a summary of the technical and legal considerations attendant to our request that EPA reverse Region 9's position and issue a policy determination removing additional emission controls from the wine fermentation process.

Also, are you both available for a brief discussion on Friday 10/6? We would like to update you on where things currently stand with Region 9.

Best Regards,

Tracy

Hi Bill!

My name is Tate Bennett and I head Administrator Pruitt's Office of Public Engagement and Environmental Education. I saw you today but didn't get a chance to say hello.

I am part of a group in the Administrator's Office working on a position paper he has requested that lays out his principles of a conservative- and positive- environmental agenda. The goal is to ultimately share these principles with a wider-community once refined.

The Administrator would like to incorporate some of your group/Mr. Schwabs' ideas into our paper and ultimately our true environmentalism platform. Is there anything you have written or do you have any documents/ recommended reads you can pass along?

Happy to chat further via phone if you'd like whenever is convenient for you!

Tate, we could use some help this week on reaching out to the ag community concerning the EPCRA/CERCLA reporting which is coming shortly. Maybe by week's end. I would like to coordinate with them on what we are planning to post so that when we announce it everyone is aware and talking about it similarly.

Good afternoon Alex,

We are trying to plan a visit for our Senior Director of Raw Materials, Angie Slaughter, who oversees our energy procurement, to discuss our recent partnership with Enel on the Thunder Ranch project in Oklahoma.

I wanted to check and see if there was any availability for Mandy to meet with during the weeks of Oct. 23, or Nov. 6. Given that this project is in Oklahoma, we would obviously be grateful for a meeting with Administrator Pruitt, but I recognize the demands of his schedule.

Can you let me know if there is availability on Mandy's schedule for either of the weeks above, and how I could check on Administrator Pruitt's availability if that might be possible?

Thanks and all the best -

Zach

Tate,

First, thank you for the 'sue and settle' emails yesterday. I was out of the office and didn't have time to reply but they were much appreciated and a welcome surprise.

Second, we have one of our scientists from our Memphis HQ, Don Parker, coming into town on the afternoon of Monday October 30. Would you have time to meet with us (probably Reece, myself and Don) that afternoon around 3:30 or later – or either Tuesday morning up to 11:30 a.m.?

Also, do you know if Jeff Sands will be established in the position of Ag Advisor by then since we'd like to introduce ourselves to him also.

Thank you,

Steve.

Greetings,

We will prepare for our Air Quality in America meeting with Physicians for Social Responsibility. Please see the below one pager and agenda. After this meeting we should be able to send all meeting attendees the agenda. Emma is working on getting more information on the attendees.

Air Quality in America

Policy Discussion

Physicians for Social Responsibility

Meeting Background

Executive Summary: Executive Summary: Physicians for Social Responsibility (PSR) focuses on a variety of environmental risks that impact human health. PSR uses clever messaging like "climate change makes me sick," to link medical conditions like asthma to climate change.

PSR closely tracks EPA policy changes and actively engages the Agency on multiple fronts on our actions. PSR believes "ultimately, natural gas and other fossil fuels must be left in the ground, to be replaced by cleaner renewable energy sources like solar and wind energy."

PSR provides information on a range of climate-related health threats:

* Climate Change and Heat-related Illness

<<http://www.psr.org/environment-and-health/climate-change/results-impacts/heat-related-illness.html>>

* Climate Change, Heat, and Ozone <<http://www.psr.org/environment-and-health/climate-change/results-impacts/more-heat-more-ozone.html>>

Tate,

I figured we'd need about 30 minute to further discuss EPA engagement with faith-based organizations, which I suggest we do from 11:30 – 12:00. If your time allows, I have some place I'd like to take you to see. We'd leave at 12:00 and get back to the office at 12:45. When we meet, I will tell you what the place is.

Thanks,

Danny

Greetings,

Congratulations Bronze Medal Recipients! You are cordially invited to the 2017 Awards Ceremony for the Office of the Administrator (AO).

Please join us at U.S. EPA Headquarters on Wednesday December 6, 2017 at 10am in the William Jefferson Clinton (East) Building, Hearing Room 1153.

Please RSVP via a reply to this e-mail - "yes, I will attend" or "no, I will not attend" - by no later than November 22nd. Please also include your name exactly as you would like to have it appear on your certificate.

While we encourage our Bronze Medal recipients in the EPA Regions to attend, please note that AO cannot fund travel expenses for the event. We will, however, acknowledge these recipients at the Ceremony and mail their awards.

Tate,

I hope you've had a great week. I know you have so much going on, but if you have time to grab coffee or lunch one day next week, it'd be great to get to know you better and learn more about OPEEE.

Excited to be working together,

Paige

All,

This calendar invite is intended to provide us an opportunity to connect regarding CERLCA Ag outreach that will be beginning next week. I know many of your PAD's have reached out (or will be) concerning this but I thought this may be a good opportunity for the ag advisors to connect on outreach and ask any clarifying questions. I do understand this is short notice and there are schedule conflicts so I appreciate your consideration here- there will be follow-up provided after the call for those that cannot attend.

Tentative Agenda:

-Outreach plan overview

-Specific Regional concerns?

-Clarifying Q&A

Hello all, setting up this time to huddle on the latest plans and timelines for outreach and response re: CERCLA/EPCRA animal ag reporting requirements.

Apologies for short notice, but calendars are tight, and it sounds like some of the outreach materials may be ready tomorrow.

I tried to capture the appropriate key contacts given the multiple moving pieces (HQ and Regional Comms Strategies, Senate letter, etc.), but please do loop in any I missed.

Background on EPA Programs Featured in NASCAR MOU

Carbon Calculator: According to the Air Office, In January 2015, NASCAR (Katherine Kummer and Marvin Aylor) reached out to OAR and requested help with a “carbon calculator” that could be featured on the NASCAR website as a part of the NASCAR Green initiative. As a result of meetings with NASCAR and OAR Staff, NASCAR adapted portions of EPA’s existing Carbon Footprint Calculator <<https://www3.epa.gov/carbon-footprint-calculator/>> to feature on their website <<https://green.nascar.com/carbon-quiz/>> .

E3 Program: According to the Office Chemical Safety and Pollution Prevention, the E3 program was the initial focus of the NASCAR EPA MOU. The E3 program was formed in 2009 by EPA to help revitalize the economy while helping achieve sustainability. E3 is a federal technical-assistance framework comprising six federal government agencies (EPA, DOC, DOE, DOL, SBA, and USDA).

NASCAR approached the Pollution Prevention program to determine if there were current programs with which NASCAR could collaborate to further promote environmental sustainability within the stock car racing community. As a result, the EPA and the National Association for Stock Car Auto Racing (NASCAR) signed a memorandum of understanding on May 21, 2012 (<https://www.epa.gov/green-sports/nascar-and-epa-green-initiatives-mou>).

The purpose of the NASCAR E3 challenge is to facilitate E3 program development within selected NASCAR industries and within selected NASCAR official partners on an entirely voluntary basis. Manufacturers participating in E3 would compete to implement recommendations to: 1) Reduce environmental impacts, 2) Improve efficiency, and 3) Generate measurable cost savings.

The winner would be selected for demonstrating sustainability and making the company more profitable. The 2016 winner of the Virginia NASCAR E3 challenge was Intertape Polymer Group -- a manufacturer of tapes and adhesive products -- whose sustainability efforts included reducing carbon emissions by 2,000 metric tons over the previous two years and saving \$352,000 in energy costs (<https://www.epa.gov/e3/e3-nascar-challenge>).

Reception next week to celebrate all of them! Please join us during the time below in the Green Room. Much like the AO Holiday Reception, we would ask everyone that if you'd like, to contribute a favorite dessert for the reception. You can drop off starting at 4PM that day. I will also be collecting a voluntary \$10 contribution to cover refreshments and small gifts for the guests of honor. If you would like to contribute, please give to me by this Friday if possible.

Subject Storyboard Project with OPP and OPA

Location Tate's Office

Show Time As Tentative

Agenda:

Discuss creating a storyboard with OPP and OPA

Meeting Background:

We met with the Ag Advisor a few weeks ago to better understand how OPE could assist his Office.

Jeff encouraged Tom and I to focus OPE's public engagement efforts on promoting the future of Ag and food systems. Jeff does not want us actively chasing behind issues of the day. (the classic defending decisions etc.)

Therefore, to bring Jeff's vision to reality Tom and I got help from OPA and OPP. OPP gave us a list of suggestions on a food systems that we could promote. We choose potatoes (and the National Potato Council.) OPA agreed to help us create a story board (video, slides, voice over combination) to highlight a crop and it's food system. We are now asking for your approval for us to circle back to Jeff with the project. We want to get Jeff's feedback on creating a storyboard for potatoes with OPP, OPA, and the National Potato Council.

From NBCC

The NBCC has been engaged with Colombia for a number of years in various initiatives. All the activities were generally conceived to pursue solutions for conflict resolution. The country was in civil war for over 50 years. It is largely a conflict between the government and the guerillas. The philosophical differences skewed as the narcos society gained influence and began financing, in opposition to an idealistic democratic society. As the peace negotiations progressed it was deemed necessary to offer alternative life styles for sustenance. People who had been paid to fight now needed to be able to live if they laid down their weapons. Historically, funds intended for this sector of economic development never made it to the affected areas. These areas are largely indigenous and Afro descendants in the Pacific Coast areas largely made up of the expanded Valle del Cauca department making up the majority of the Pacific Coast of Colombia. These are black areas with heavy presence of guerillas well-funded. The government has not recognized these areas with any support for many years. That is now slowly changing.

The US government has been providing various sorts of aid and now seeks to insure optimal utilization of these funds. One source has been USAID. Attached you will see a grant RFP, that was awarded to the International Organization for Migration (IOM). The NBCC is finalizing our participation by providing entrepreneurial development.

NBCC IOM Program Description <https://www.iom.int/>

Full name of the project

Strengthening of the business management of the productive units that are developed through the mobilization and linkage to new markets and the construction of alliances according to the process of the African Diaspora United States - Latin America.

Short name

Strengthening the Corporation Afro-American Chamber of Commerce

Expected date of start and duration of project

September 2 de 2017 (late)

Project Summary

The scope of this proposal considers the development of one of the strategies of IPA (Inclusion for Peace Activity), which consists of moving forward in the mobilization of innovative processes that allow Afro-

Colombian communities to solve problems of exclusion, such as access to markets, inclusive businesses and platforms of empowerment for commercial and financial activity. The present proposal seeks to establish the improvement of the commercial relations of the producer organizations that the program has been promoting and those that have been created with the support of USAID for the approach to the markets promoted by the African Diaspora for Latin America especially in Colombia, taking advantage of the different trade agreements between countries and the linking of diasporic processes that the Afro-American and Afro-Latin American organizations have been building, from the political and cultural agenda and now with the interest of advancing in the alliance of economic and commercial. In this way, it is intended to create opportunities for business expansion, incubation of initiatives and acceleration of business processes with the members and affiliates of the Corporation Afro-American Chamber of Commerce and the Black Chamber of Commerce of the United States -NBCC.

Subject Animal Waste Communications Update

Location (b) (6); Code: (b) (6)

Show Time As Busy

Hi! Having technical difficulties! Number is changed in subject line!

Hi All,

I wanted to have a quick meeting to discuss where we are re: animal waste communications. I've attached the email I sent out last week regarding changes + an email related to pitching to our stakeholders. Below is an outline of updates + recommendations for outreach efforts (this includes how we can target farmers without internet access).

Updates

* Toolkit will be taken down temporarily from website. Language explaining why will be posted in its place. www.epa.gov/agriculture
<<http://www.epa.gov/agriculture>>

* No longer linking to toolkit from www.epa.gov/animalwaste

Colleagues,

Since we haven't done one of these in a while and have lots of new staff, I thought it'd be nice to schedule some time to all get together. Please forward along to anyone I missed and hope to see many of you there.

Thanks!

Where: EPA Headquarters, U.S. EPA Rachel Carson Green Room (1200 Pennsylvania Avenue NW)

Guests,

Please be advised of a slight time change for the Ceremonial Swearing-in of Matt Leopold as EPA's General Counsel on Monday, February 26, 2018. The ceremony is now scheduled for 12:00pm. in the EPA Headquarters, U.S. EPA Rachel Carson Green Room (1200 Pennsylvania Avenue NW). There will be a reception to follow.

Directions for Guests: EPA's address is 1200 Pennsylvania Avenue, NW. Please enter through the William Jefferson Clinton South building. Once inside the building, security will prompt you to scan all items such as bags, coats etc.. Please let the guards know that you were instructed to call Carla Veney or Monique Patrick on 564-8040 or 564-8064 to escort you to Matt Leopold's swearing in ceremony. Cheryl Woodward, is the point of contact for logistic at EPA. Your meeting with Administrator Pruitt on Tuesday, February 27th at 2:45 pm is confirmed. The direction/instruction is below. If you have any questions, please contact me. Look forward to seeing you all.

Directions: If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators from the train otherwise two escalators then do a small U-Turn to the left heading toward 12th street, the South Lobby entrance is directly and immediately to your right (Glass Doors -EPA Signified on Glass).

EPA address is 1200 Pennsylvania Avenue, NW. If you are coming by taxi/vehicle, you want to be dropped off on 12th Street NW, between Pennsylvania and Constitution Avenue. It is almost exactly half way between the two avenues on with Federal Triangle Metro sign and Trump Hotel Towers across street is a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This is the South Lobby entrance to the William Jefferson Clinton building.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Hayley Ford at 564-2022 to escort you to the meeting with the Administrator. Security will have the visitors passes for everyone. Allow for 10 minutes to get through the process.

Directions and Visitor Entry Procedures (PLEASE READ PRIOR TO ARRIVAL):

Please send Hema Subramanian (Subramanian.hema@epa.gov <mailto:Subramanian.hema@epa.gov>) a list of names of non-federal visitors two days prior to the meeting, and arrive 15 minutes prior to your appointment to allow time for security screening and escort to the meeting room.

EPA address is 1200 Pennsylvania Avenue, NW.

Metro stop: Federal Triangle

Although our street address is 1200 Pennsylvania Avenue, the main entrances for visitors are not along Pennsylvania Avenue. Enter the William Jefferson Clinton South building via doors to the left of the Federal Triangle Metro exit escalators (when exiting the Metro and facing Woodrow Wilson Plaza). For more details and a map:

<https://www.epa.gov/aboutepa/visiting-epa-headquarters>

If you are coming by taxi/vehicle, you want to be dropped off on 12th Street NW, midway between Pennsylvania and Constitution Avenue. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left side near the escalators going down to the metro. This is the South Lobby entrance to the William Jefferson Clinton building.

Non-federal visitors will need to go through metal detectors and provide the security desk:

- your REAL ID Act-compliant identification
- EPA contact information (Hema Subramanian, 202-564-5041)

- destination room (Alm Room)

Security will call us to sign you in and escort you to the room. For details on security and ID requirements, see:

Hi Sarah,

Jumping in here since Jen is out of town on official travel and may not be able to reply right away.

We're happy to meet to discuss, but tomorrow is a bit tough due to other commitments—could we shoot for something early next week? I'm looping in admins for Jen, Devon, and myself to help with scheduling.

Best,

Puesh

Thanks, Hayley. I'm including Puesh Kumar and Devon Streit from our Infrastructure Security and Energy Restoration team. They have participated in similar conversations on prioritization with industry before, and can help navigate us towards the best possible outcomes. They also raise a great point that we're participating in an exercise EPA is hosting on April 4. We suggest this might be a good opportunity to road test approaches to accomplishing EPA's goals in a prioritization dialogue especially with some industry input. In the meantime we can work with you and start a conversation with industry on the subject. I believe it can only help ensure more successful engagement by our principals. Does this work for you?

Hi Jen – Following the DHS meeting, the Administrator mentioned crafting a joint letter from himself and Secretary Perry to utility companies regarding the importance of making water utilities a priority in their emergency plans (for example, in the case of a hurricane). Would you be the correct person from DOE to work on this effort? If so, I can put you in touch with someone from our team to work on this.

Hi Nena (and Daisy) and thanks for the note. Excellent idea, and I agree that we're overdue on this initiative. Let me check a couple of internal schedules and follow up in the morning. Cheers, Quin

Mr. Shea -

Daisy mentioned that she saw you at EPA with Wayne Valis this week and wanted me to reach out to suggest that we have a meeting. As we have been reflecting on the first six months of Smart Sectors, we realize we need to communicate more with the utility sector, especially EEI. This is even more true now that policy changes impacting the sector are starting to roll out. Please let me know if there is a good day next week that we all might be able to meet.

Best, Nena

March 19th from 9:15-10:15 AM, titled:

The Impact of Pesticide Regulatory Reform on Structural Pest Management Industry

In March 2017, EPA Administrator Pruitt issued a memorandum establishing the EPA Regulatory Reform Task Force in response to President Trump's Executive Order 13771: Enforcing the Regulatory Reform Agenda, which is designed to reduce the regulatory burdens agencies place on the American people. Since then, EPA has held public meetings and invited written and verbal comment from stakeholders who are directly impacted. Concurrently, NPMA has begun working on its Pesticide Regulatory Reform Agenda focusing on overcoming challenges that directly impact the pest management industry. In this session, learn what EPA and Industry are doing to work together to find solutions.

EPA contact: Hema Subramanian, 202-564-5041

Directions and Visitor Entry Procedures (PLEASE READ PRIOR TO ARRIVAL):

Please send Hema Subramanian
(Subramanian.hema@epa.gov<mailto:Subramanian.hema@epa.gov>) a list of the names of all non-federal visitors two days prior to the meeting, and arrive 15 minutes prior to your appointment to allow time for security screening and escort to the meeting room.

EPA address is 1200 Pennsylvania Avenue, NW.

Metro stop: Federal Triangle

Although our street address is 1200 Pennsylvania Avenue, the main entrances for visitors are not along Pennsylvania Avenue. Enter the William Jefferson Clinton North building via doors to the right of the Federal Triangle Metro exit escalators (when exiting the Metro and facing Woodrow Wilson Plaza). For more details and a map: <https://www.epa.gov/aboutepa/visiting-epa-headquarters>

If you are coming by taxi/vehicle, you want to be dropped off on 12th Street NW, midway between Pennsylvania and Constitution Avenue. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your right side near the escalators going down to the metro. This is the North Lobby entrance to the William Jefferson Clinton building.

Non-federal visitors will need to go through metal detectors and provide the security desk:

- your REAL ID Act-compliant identification
- EPA contact information (Hema Subramanian, 202-564-5041)

Security will call us to sign you in and escort you to the room. For details on security and ID requirements, see: <https://www.epa.gov/aboutepa/visiting-epa-headquarters>

My name is Bryce Trotter, and I work in Commissioner Gary Black’s office at the Georgia Department of Agriculture. The Commissioner asked me to reach out to you about setting up a meeting with you or someone at EPA next week. Commissioner Black will be traveling to Washington with members of the Georgia Blueberry Commission on April 3rd and 4th. The Commission members would like to discuss emission standards for farm equipment. We currently have ample time in the afternoon on April 4th, but I understand this is a relatively last minute request.

Thank you,

Bryce Trotter

Update 4/26/2018

Hello Everyone,

Adding a topic to today's call; this will follow the Winter Spreading of
Manure Topic:

Animal Agriculture, Manure Management and Water Quality series of
educational modules - Joseph Ziobro, OWM, (202) 564-5376
As part of efforts to protect water quality through voluntary
collaborations with the animal agriculture sector, NRCS and EPA are
announcing the launch of Part II of the Animal Agriculture, Manure
Management and Water Quality series of educational modules to
increase understanding and knowledge about water quality protection
and animal feeding operations. The series includes multimedia features
such as videos and virtual tours of farms and discusses topics including

technologies and production systems, and conservation measures employed by farmers and ranchers to protect natural resources.

Part I of the series, Manure Management and Water Quality, was launched last year. Part II, Conservation, includes modules on the importance of conservation in animal agriculture and conservation practices commonly used on animal agriculture farms.

The Animal Agriculture, Manure Management and Water Quality series is accessible via: <https://extension.org/73649>

EPA also provides a link from the Animal Feeding Operations – Animal Agriculture Industry Partnerships page:

Subject: Great Lakes Trip for SP

As part of the 4/26 E&C hearing follow up Ryan asked that we all sit down to discuss setting up a Great Lakes trip for the Administrator involving Reps. Kaptur, Joyce, and Walberg. As way of background here's a letter Rep. Walberg sent us inviting him to visit and tour the area. In my conversations with Walberg's office they are open to any ideas re: format and willing to round up local/state groups to make it a worthwhile trip.

Let's aim for Friday if that works for everyone. Christian will shoot around a scheduling invite so we can discuss a tentative plan that we can pitch.

Thanks!

Aaron

Agenda:

1. Introductions
2. NEEF's partnership focus
3. NEEF Calendar

2018

Health Initiative: Pediatric Asthma (www.neefusa.org/health-wellness
<<https://www.neefusa.org/health-wellness>>)

NEEF's Pediatric Asthma Initiative trains health care providers and caregivers to assess environmental triggers of asthma. To date, our train-the-trainer model has established more than 13,000 Asthma Champions across the nation. NEEF recently updated training materials and plans to release online training modules during the next fiscal year.

NEEF is partnering with the National Association of School Nurses to conduct a face-to-face training at their conference in Baltimore in June. As a result of this training, we will have established our first set of school nurse Asthma Champions.

NEEF will also provide an online training for recreational providers in June. Working with the National Parks and Recreation Association, NEEF will lead a training for their more than 60,000 members. NEEF facilitates face-to-face and other group trainings on an ongoing basis.

Potential EPA Collaboration Opportunity: NEEF welcomes an opportunity to brief EPA on our health initiatives and explore potential areas for collaboration.

NEEF Grants (www.neefusa.org/grants <<http://www.neefusa.org/grants>>)

During summer 2018, NEEF will release three grant opportunities, including a funding opportunity focused on restoration and resilience with generous support from Toyota. This funding will be directed at

public lands and spaces affected by the many natural disasters that occurred in 2017. The grants will be designed to address a specific need which heightens our ability to measure and communicate impact.

NEEF will also provide funding to groups hosting National Public Lands Day (NPLD) events that incorporate a health and environmental education focus.

Through its Every Day Event Grants, NEEF provides grants to support public engagement on public lands year-round.

Potential EPA Collaboration Opportunity: EPA could share NEEF grant opportunities through its networks, as appropriate. NEEF also welcomes an opportunity to present about the restoration and resilience focus to regional EPA offices. NEEF could also work with EPA to connect grantees with regional EPA offices.

EPA Grantee Highlights

NEEF will be publishing a set of articles about EPA Environmental Education grantees on its Environmental Literacy Report webpage (<https://www.neefusa.org/environmental-literacy-report>) to highlight EPA-supported innovative and replicable EE programs.

EPA Office of Wetlands, Oceans, and Watersheds Deliverables

NEEF's contract with the OWOW office closes September 13. NEEF is developing content in English and Spanish focused on water quality, wetlands, and other priority topics, as well as infographics and visuals. Content is distributed through the NEEF website and our NEEF Weekly email to weathercasters and other subscribers.

National Public Lands Day

2018 marks the 25th annual NPLD. This year's theme will focus on restoration and resilience of our public lands and spaces.

Potential EPA Collaboration Opportunity: In past years, the EPA has supported NEEF and NPLD by attending and speaking at signature events. In 2017, Tom Brennan spoke at the signature event at Fort Meade. In 2016, Deputy Administrator Stan Meiburg spoke at the signature event at Kenilworth Aquatic Gardens.

Health Initiative: Rx for Outdoor Activity (www.neefusa.org/health-wellness <<https://www.neefusa.org/health-wellness>>)

Rx for Outdoor Activity follows a similar train-the-trainer model as our pediatric asthma work, and focuses on educating health care providers and others on the health benefits associated with interacting with nature. NEEF will host a convening this summer to update our training materials and plan to re-release training modules in fall 2018. Face-to-face trainings lead by Nature Champions can be scheduled and hosted throughout fall 2018.

Potential EPA Collaboration Opportunity: NEEF welcomes an opportunity to brief EPA on our health initiatives and explore potential areas for collaboration.

NEEF Capacity Building Grants Final Deadline

NEEF offers Every day Capacity Building grants throughout the year. This funding is provided through support from Toyota and is designed to support Friends Groups in their mission to partner with public lands and spaces across the nation. Funds for this grant will be awarded on a rolling basis throughout 2018 with a final submission deadline of November 5, 2018. More information about capacity building funding is available at www.neefusa.org/resource/2018-every-day-capacity-building-grants#Timeline <<https://www.neefusa.org/resource/2018-every-day-capacity-building-grants#Timeline>> .

Potential EPA Collaboration Opportunity: EPA could share NEEF Capacity Building Grant opportunities through its networks, as appropriate.

2019

NHL Green Month (Tentative)

In 2018, NEEF partnered with NHL to create the Play It Forward infographic and educational materials (www.neefusa.org/NHL). The materials were designed to help fans implement some of the League's sustainability strategies into their lives.

NEEF and NHL will be discussing partnership opportunities for Green Month 2019 and beyond. NEEF will be better able to communicate potential collaboration opportunities once these conversations have taken place.

NBA Green Energy All-Star Campaign (Tentative)

The NBA Green Energy All-Star Campaign (www.neefusa.org/NBA) ran in 2017 and 2018 to promote greater fan engagement around saving money by saving energy. The campaign aims to show collective environmental actions—even small steps—when taken together as a team can create large-scale impact.

EPA ENERGY STAR provided supplemental materials and web resources to support the energy-saving actions outlined in the campaign. NEEF and NBA will be discussing our strategy for the campaign in 2019, and NEEF will be better able to communicate potential future collaboration opportunities once these conversations have taken place.

National Environmental Education Week

EE Week takes place the week after Earth Day.

Potential EPA Collaboration Opportunity: NEEF leverages EE Week to highlight EE Every Day in Every Way. As we plan for EE Week 2019, we would like to explore how NEEF can partner with EPA to spotlight effective EE programs (including EPA grantees), cross-promote grants and other opportunities, and encourage EPA staff participation in EE Week events.

Our discussion interests include the points that we both we have submitted during the comment periods and will likely include other comment submissions both from other response, such as Oxitec/Intrexon and other substantive comments that highlight concerns, risks, performance and standards applicable to the OX513A.

Our goals remain focused on assuring human and ecological health and safety, and the science of assessing this technology within the background of outstanding societal needs that have affect on risk, versus reward, decision making.

Subject: NEEF Ex-Officio Meeting in July

Hello NEEF Ex-Officios and Liaisons,

We had a great board meeting last week. Thanks to all that could make it. To act on the momentum gained from the meeting, we would like to have an ex-officio meeting this July at our office. To get the scheduling process started I would like to poll your availability for three possible dates: Monday, July 16th, Tuesday, July 17th and Thursday, July 19th. The link to the poll is <https://doodle.com/poll/aptbbkxwxfie8a> <<https://doodle.com/poll/aptbbkxwxfie8a>> . Our out-of-town ex-officios and liaisons can participate by WebEx if you like.

Please reply if you have any questions.

Have a great Memorial Day weekend!

Thank you,
Dalia

BACKGROUND

Hi Tate,

Hope you are well. I'm not sure if I should send this to someone on the scheduling team-let me know if I should send elsewhere.

I am emailing to see if you or someone appropriate at EPA would be available to meet with a group of Illinois Future Farmers of America (about 38 students) to give them an overview of EPA and its programs and touch on WOTUS and ethanol issues?

They would love to meet with someone anytime between 2:30-3:30 on Tuesday, July 17th.

Thanks for considering this request,

Subject: SPEAKER REQUEST: Small Communities Advisory Subcommittee
(Wednesday, July 25, 2018)

Good Morning Hema,

I am the DFO for the Small Communities Advisory Subcommittee (SCAS).
I am in the process of developing our agenda for our next meeting on
Wednesday, July 25, 2018.

Per our earlier conversation, I was wondering if you (or someone in your office, political or career personnel) would like to provide any agency current or future agricultural updates/developments occurring the during our public subcommittee on Wednesday, July 25 at 3pm?

You will have as much time as needed to update the subcommittee as you like; however at a minimum we recommend 15-20 minutes. The Agriculture advisor has always provide updates as long as I've been this subcommittee's DFO and we'd love to continue this office's meaningful input to our SCAS.

For your reference here's additional information and background on the SCAS:

If you have any questions, please let me know.

Thanks in advance.

FY18 Utah National Air Toxics Trends Station

With this funding, the Utah Department of Environmental Quality operates a network and collects air toxic pollution data in Bountiful, Utah. There are currently 187 hazardous air pollutants, or air toxics, regulated under the Clean Air Act that have been associated with a wide variety of adverse health effects. These air toxics are emitted from multiple sources, including major stationary, area and mobile sources, resulting in population exposure to these pollutants. The National Air Toxics Trends Station program was developed to fulfill the need for long-term hazardous air pollution monitoring data of consistent quality. This Bountiful, Utah site is part of a 27-site national network of air toxics monitoring stations. The primary purpose of the National Air Toxics Trends Station network is tracking trends in ambient air toxics levels to facilitate measuring progress towards emission and risk reduction goals. The monitoring network is intended, over a multi-year period, to be able to detect a 15% difference (trend) between two successive 3-year annual mean concentrations within acceptable levels of detection error.

Subject Urgent issue with OAES and catering order for ceremony

Show Time As Tentative

Good afternoon Tate,

OAES is pushing back on the approved catering order and we need a senior manager to step in.

At this meeting, we can answer any questions, and indicate to you who in OAES needs to be contacted. We need to finalize this order ASAP.

Background:

The catering is provided because this is a Presidential Award. We have downgraded the experience for guests over the years and in lieu of lunch or other offsite activities, providing very basic refreshment in the afternoon provides a celebratory experience.

In addition, we chose to cater last year and this year because:

A. We do not have the staff to drive to Costco, buy budget cupcakes or donuts, buy 200 drinks, and set them up at EPA, including purchasing cups, plates, and large drink dispensers.

B. Catering provides better food and drink than Costco.

We researched various vendors around DC, looking for factors such as cost, delivery, and availability of drinks, in addition to quality. The vendor selected met this criteria. We will also be reducing the overall invoice slightly over the next week, to reflect our RSVP numbers.
