Hi Christina,

That is an EPA photo and the copyright is U.S. Government Works.

You can download the image here: <https://www.flickr.com/gp/usepagov/13Dn12>

**Subject:** FW: Photo Request, Science Magazine

Hello,

I am forwarding this request in case the contact for [press@epa](mailto:press@epa.gov) is out of office for the holidays. I am looking for the attached photo or one similar from this event. Primarily we are looking for a photo showing Scott Pruitt and Tony Cox.

If you could send a high-resolution file and agreement to the usage statement below by COB today I'd greatly appreciate it.

Thank you for your help!

---

**Subject:** Photo Request, Science Magazine

Greetings,

My name is Christina Aycock and I am a designer at Science magazine. I am looking to track down a high-resolution file as well as permissions for the attached photo to run with an upcoming article in Science. Could you direct me to this? I will need the copyright holder's agreement via email to the following usage terms (unless the photo is open access/public domain).

*By emailing a "Yes" response to this email, I hereby grant to AAAS/Science one time, non-exclusive, Worldwide rights to use the image/photo/illustration identified below in a specific context in print and online and in all digital and electronic platforms including and not limited to tablets, personal computers, and social media, and to archive the image/photo/illustration in perpetuity. Such rights cover a print circulation of up to 100,000. A new license must be obtained for any subsequent uses and payment must be made (if applicable). I understand that AAAS/Science is relying on my authorization and to that end I confirm that I own the copyright and/or have sufficient rights to the image/photo/illustration pictures to grant the rights identified above.*

If you could send me this information by tomorrow I'd greatly appreciate it.

Thanks!  
Christina Aycock  
Designer, Science Magazine
