

1 asbestos and hazards in what you have called secondary  
2 users?

3 Not those people in the manufacturing  
4 plants, but in the end user situation.

5 A Yes. There were a number of articles in  
6 the literature that dealt with asbestosis and  
7 secondary users.

8 This is just one article published in 1934.

9 Q This is an article entitled, Pulmonary  
10 Asbestosis by Drs. Wood and Gloyne?

11 A Yes. They reviewed a number of cases. Here  
12 it says 100 cases. It was a case review, but it was a  
13 large case review.

14 Q Now, did Wood and Gloyne discuss what you  
15 have referred to as secondary users?

16 A Yes.

17 Q And what type of secondary users were they  
18 talking about?

19 Were they talking about actual insulators,  
20 or what type of people were they talking about?

21 A Well, in this particular paragraph it talks
