Mr. H. S. Bergen

Mr. Richard J. Kotnour

Would like to use your contacts with the National Agricultural Chemicals Association to obtain some transcripts of certain testimonies during the recent DDT hearings in Madison, Wisconsin.

I suspect we will have to pay for an entire day's testimony. If not, we are specifically interested in the testimony of:

1. Francis B. Coon from the Wisconsin Alumni Research Foundation -- on May 7 and May 8.
2. Robert Risebrough from the University of California at Berkeley -- on May 12 and May 13.

Both these men were called as witnesses by the DDT Task Force.

Would appreciate your helping us obtain copies of the court transcripts; of course, Organic will pick up the tab.
