Millan,

I hope you are well!

When Administrator Pruitt was at the Port of Corpus Christi, this project was discussed extensively and he seemed very interested in helping. The Army Corps of Engineers just sent a reply to correspondence Ryan sent them and I wanted to make sure you had copies of both letters. The Ports Ship Channel Improvement project would be a HUGE help to that area that was impacted by Hurricane Harvey. I'm hopeful you all can put in a good word for this project.

Please let me know if you have any questions or need anything.

Thanks so much!

Jared
