## Easy to Clean

Spots, streaks, stains and smudges can be quickly removed from kitchen walls and woodwork painted with SATIN EGG-SHELL FINISH. The cleansing process is simple. Wash the surfaces with a damp cloth, and the walls are fresh again.

In modern apartments and hospitals where frequent, thorough cleaning is essential, this sanitary wall finish is widely used.

We will gladly give advice concerning other B-H Products. There's a B-H Paint or Varnish for every use. For exterior painting, we recommend B-H Pure Prepared Paint.
