In the future the following THERMINOLS will be shipped to Antwerp consignment as Santotherm for sales in Europe; identified as Santotherm.

THERMINOL FR-0 as Santotherm FR-0 from Anniston
THERMINOL FR-Lo Temp as Santotherm FR-Lo Temp from Anniston
THERMINOL FR-1 as Santotherm FR-1 from Anniston and/or Sauget
THERMINOL FR-2 as Santotherm FR-2 from Anniston and/or Sauget

55 gallon drums only will be supplied as Santotherm, no smaller containers. Labels are now being printed and will be available at plants in approximately 10 days. Orders to the plants should call for the specific type THERMINOL with special shipping instructions to label drums with the specific associated Santotherm label. THERMINOL not to appear on containers.

By copy of this memo to Don Cameron, it is requested that he arrange for future consignment orders to specify Santotherm to avoid it being overlooked.
