Dear Oscar:

Attached is a report from our Wichita representative, Charles Welch, in regard to a recent call he made on the Coleman Stove and Lamp Company of Wichita, Kansas.

Unfortunately, this was done without our knowledge or we would have referred the matter to George Thomas. At this point there is nothing we can do except submit the report.

If further information is desired, we will be glad to secure it for you.

Very truly yours,

s/ H. R. Berg
